Perspectives on Social and Business Sustainability Tay Kay Luan,2018-10-12 Addressing the sustainability agenda is never easy The early promises of the corporate social responsibility concept and application have raised better awareness and understanding of its concept and application Understandably the experience and outcome are never the same across the business and social community To begin with issues related to corporate social responsibility CSR come in hundreds of shades The understanding of the definition alone depends on whose perspective and in what context At the very least there is now a greater acceptance of the concept but increasingly corporate leaders need no further persuasion that doing good is more than giving a donation The myriad of CSR issues and concerns is therefore worth a relook but from the conceptual perspectives to understanding of the challenges impacts and trends Perspectives on Social and Business Sustainability first describes the important elements of different aspects of how CSR is being understood applied and reported The book examines how international trends and developments including market and technology disruptions will continue to shape the sustainability landscape The book is relevant for those wanting to take a quick perspective of the evolving concept of sustainability and is also useful for those who only want to focus on specified area within the context of social and business sustainability
