Schwartz,2008 Schwartz Powerful Ideas in Elementary Mathematics Pedagogical Content Knowledge for Teachers 1 e ISBN 0205493750 This book would be a great tool for helping today s future elementary teachers acquire a gut level understanding of mathematics concepts Hester Lewellen Baldwin Wallace College OH The writing in this text is very clear and would easily be understood by the intended audience The real world examples put the various math concepts into a context that is easily understood The vignettes at the beginning of each chapter are interesting and they get the reader to begin thinking about the math concepts that will follow Each of the

chapters seem to build on one another and the author often refers back to activities and concepts from previous chapters which is meaningful to the reader because it lets the reader know that the information they are learning builds their conceptual understanding of other mathematical concepts Melany L Rish University of South Carolina Aiken Organized around five key concepts or powerful ideas in mathematics this text presents elementary mathematics content in a concise and nonthreatening manner for teachers Designed to sharpen teachers mathematics pedagogical content knowledge the friendly writing style and vignettes relate math concepts to real life situations so that they may better present the content to their students. The five powerful ideas composition decomposition relationships representation and context provide an organizing framework and highlight the interconnections between mathematics topics In addition the text thoroughly integrates discussion of the five NCTM process strands Features Icons highlighting the NCTM process standards appear throughout the book to indicate where the text relates to each of these Practice exercises and activities and their explanations reinforce math concepts presented in the text and provide an opportunity for reflection and practice Concise conversational chapters and opening vignettes present math contents simply enough for even the most math anxious pre service teachers Journal of Horticulture and Practical Gardening, 1885 **Theatre Management in America: Principle and Practice** Stephen Langley, 1974 Musical Courier and Review of Recorded Music ,1913 Resources in education ,1984-08 **Telephone Review** ,1916 The Spectator, 1872 A weekly review of politics literature theology and The Encyclopaedia Britannica Thomas Spencer Baynes, 1878 The Musician ,1904 The School World ,1912 art.
