STAYING HUMAN K. L. Stubblefield, 2023-11-16 Staying Human Within this writing we discuss America's and particularly Black America's slide into decadence depravity and despair and how this will lead to its subjugation to the coming tyranny of Artificial intelligence If we look with an open mind we can see how technology has already led to the breaking down of morality and open rebellion against Godly principles that while not totally adhered to by this nation has been a hedge against all out wickedness Our attempt to at least guide our behavior with the precepts of holiness and godliness has allowed the American nation to receive blessings of wealth and freedom from the Most high That is now changing and God is slowly removing his protection from our nation America's power and influence whether for good or evil was given to us by God It is He who sets up nations and it is He who brings about their fall What is happening to the United States today has happened before with many other kingdoms There is no new thing under the sun Nor was there any respect of persons given from The Most High This nation will and is currently feeling the pains of all the other nations that has fallen before it And just like all the other kingdoms that fell such as Rome Greece Egypt and Babylon America's blind adherence to self promotion and narcissistic hubris has blurred her vision of her plight America is now a weak nation a nation that is living on so called past greatness Militarily America relies on enormous deficit spending on technology and advanced weaponry in order to maintain its power and influence worldwide Yet when engaged in actual combat with weaker nations America still suffers a bloody nose and a black eye Vietnam Somalia Iraq and Afghanistan are modern examples of America's inability to win wars outright These wars and excursions drain the coffers of this nation and force it into deficit spending in order to maintain the false illusion of wealth and power The scepter has been removed from America's hand The royal diadem no longer sits above her brow Yet she does not perceive its removal The once so called democratic form of government in America has now morphed into a technocratic corporate oligarchy The gap between rich and poor is now wider here than in any industrialized nation in the world This leads to those in power creating a culture to maintain their wealth and prevent

uprising from the masses This will lead to the use of technological advances such as A I in order to quell any potential rebellions America your once proud land has become a nation of fornicators whiners complainers abusers murderers and politically corrupt parasites America s plight can be summed up in one Phrase ICHABOD THE GLORY OF THE LORD HAS DEPARTED *Timeslices* Oswald Wieser,2024-04-22 The novel tells of the encounter with the pioneers of bamboo bicycle construction at the end of the 19th century in Austria through a journey through time The journey into virtual reality is made possible by artificial intelligence The framework is a research project called Metaverse Rigorously researched historical facts are woven into a narrative that makes clear the motivations and emotions of the pioneers Behind this however there is always the question of what the retrospective experience of past events means for the time travelers American Projectionist and A.P.S.
