The Idea and Practice of Reading R. Joseph Ponniah, Sathyaraj Venkatesan, 2018-05-08 This book addresses basic issues in language education and explores how reading with a focus on meaning contributes to the development of all aspects of language including vocabulary spelling grammar and syntax It departs from traditional methods and practices in language learning to investigate the potency of reading in improving language acquisition The traditional practice in language classes to teach language skills explicitly through acquiring forms and structures of language is often less than successful and teachers are gradually incorporating reading materials and practices into the curriculum This book provides important inputs to language teachers and educators on the need to include reading as an idea and as a practice into the curriculum Among other things it explores the benefits of incidental learning of language properties such as vocabulary syntax and grammar and gives adequate exposure to different types of reading strategies to promote reading among learners It also exploits the possible transfer of L1 reading strategies and capabilities to L2 reading for language acquisition In so doing this book hopes to promote autonomous learning among L2 learners and guide readers in alternative strategies to solve comprehension problems

Self-Studies of Teacher Education Practice Online Mary F. Rice, Ramona Maile Cutri, Juanjo Mena, 2024-05-20 This edited volume explores the emotional work of being an online teacher educator The chapter authors discuss the intense work involved in planning teaching and navigating intuitional contexts in order to build a relationship between online teaching and the Self Study of Teacher Educator Practice S STEP methodology Additionally the authors of the chapters in the book used the S STEP methodology to move their practices and their teacher educator identities beyond emergency crisis uses of online teaching common during campus building closures Each chapter offers different ways that S STEP methodology can be used to sustain oneself as an online teacher educator Although there are specific strategies and practices this is not a how to book for online teacher educating it is an exploration of online teachers and groups of online teachers supporting themselves and each other by studying and learning from their practices
