How to Start a Law Practice and Succeed Nalini Mahadevan, 2012-07-27 How to Start a Law Practice and Succeed focuses on how to start your own law practice from scratch while emphasizing tools and tactics on how to succeed in today's economy. This book is a useful tool for lawyers just out of law school and for lawyers who want to start their own practice after finding themselves suddenly unemployed. I have included forms and tools to start from scratch and to manage your law practice. In the book are resources for managing workflow, finding clients and managing them, their files and ethically maintaining your own law practice. After all, practicing law is not like a normal business and requires special attention to ethical dilemmas in every facet and practice of law. Freelance Counselling and Psychotherapy Jean Clark, 2003-09-02 An excellent guide to surviving and flourishing in a highly challenging field, this book is written by practitioners with extensive experience of the practical and emotional aspects of working independently. Careers in Counselling Saurabh Lohiya, 2023-02-16 The World Health Organization's 2022 report reveals that nearly one billion people suffer from mental health disorders. In the face of this mental health pandemic, those who can help often struggle to find decent employment. This book is a community-driven effort to empower counsellors and create a happier world. The book draws on the questions and concerns of a community of students, the insights of the Head of Departments for Psychology at different colleges and the experience of practising counsellors. It is the author's powerful attempt to address one of the most pressing issues facing our society today. *Starting Your Career as a Freelance Illustrator or Graphic Designer* Michael Fleishman, 2012-01-13 Technology has sent shockwaves of change through the world of commercial art.
