Practical Dreamers Mike Hoolboom, 2004-04-14 The streets are full of admirable craftsmen but so few practical dreamers Man Ray What if there were movies made the same way as suits custom fitted each one tailored for one person Not broadcast but narrowcast Not theatres around the world showing the same globalized pictures but instead a local circumstance a movie so particular so peculiar it could cure night blindness or vertigo Welcome to the world of fringe movies where artists have been busy putting queer shoulders to the wheels or bending light to talk about First Nations rights and making it funny at the same time or demonstrating how a personality can be taken apart and put together again all in the course of a ten minute movie which might take years to make *Practical Dreamers* takes us to this other side of the media plantation In it twenty seven Canadian artists dish about how they get it done and why it matters The conversations are personal up close and jargon free smart without smarting The stellar cast includes smartbomb Steve Reinke visionary Peter Mettler Middle East specialist Jayce Salloum queer Asian avatars Richard Fung Midi Onodera Ho Tam and Wayne Yung footage recyclers Aleesa Cohene and Jubal Brown overhead projector king Daniel Barrow First Nations vets Kent Monkman and Shelley Niro international art presence Paulette Philips and documentarian Donigan Cumming These in depth talks come lavishly illustrated in an oversized volume

The Theory and Practice of Philosophy Abraham Edel, 2017-07-05 There is an historical element throughout philosophy As Edel notes this is always in the context of problems so emphasis will fall on the major objective of reflective analysis of ideas The major objective of Edel s analysis in *The Theory and Practice of Philosophy* is the fundamental interrelatedness of problems of method metaphysics and value Each part is an integral whole complete in itself That philosophy has this central role in human practice indicates that it should be neither discarded nor deified This is the explicit premise of the book Students are likely to be faced increasingly with a demand for clarification on the fundamental issues of life and value The expectation that philosophy will provide ready made answers to these kinds of questions is as naive as the demand for any panacea but this task cannot be turned over to any other department of human knowledge or any other branch of social activity By placing emphasis on the importance of theory in matters of practice the need for clear and systematic understanding of the world and man within it and on the constant role of reflection in the management of human affairs Edel seeks to shed light on the larger questions of philosophy by examining them in a systematic way The result is a great text and tool for students and teachers that deals directly with the fundamental issues of our civilization
