Entrepreneurship in Korea Martin Hemmert, Jae-Jin Kim, 2021-06-28 Entrepreneurship in Korea offers a fresh perspective on entrepreneurship in Korea by combining a historical review of the achievements of Korean entrepreneurs at each stage of economic development with an analysis of the activities of current entrepreneurs who are at the forefront of the new Korean age. It discusses the crucial role of business entrepreneurship in each stage of Korea's transformation from an underdeveloped East Asian backwater to a global manufacturing and technology powerhouse throughout the last 100 years. Furthermore, it provides an up-to-date analysis of contemporary start-up entrepreneurship in Korea and discusses its unique characteristics, strengths, and weaknesses. Authors identify specific features of entrepreneurship in Korea, why and how business entrepreneurs have been so successful and effective, how their entrepreneurial styles and activities have changed over time, which challenges Korean start-up entrepreneurs are currently facing, and how these challenges may be addressed.

WARSEC 3: Exhibition (2097-2100) Ash Gawain, 2018-10-03 2097 Phosphate peak on overpopulated earth has jacked up food prices. The European Union threatens to invade Morocco in an attempt to break their monopoly on phosphate extraction. For Michael Vahlroos, CEO of V Space, the EU would not have to threaten military force if the United Nations legal framework had encouraged the mining of extraterrestrial resources. Meanwhile, the World's Agency for the Regulation of Space Exploration and Colonization (WARSEC) is under pressure to organize a first journey to Alpha Centauri to demonstrate their interstellar capability. Its director, UN diplomat Ralf Hman, is faced with a dilemma: to follow his moral principles or finance his venture by partnering with the European Air Force, which is about to bomb Morocco.

EXHIBITION 2097-2100 is the third book of the WARSEC Interstellar Series, a race to the stars between private corporations and the United Nations Organization. It is a grounded space odyssey for readers interested in geopolitics, science, and the future of mankind.

Being Here Manini Nayar, 2022-02-28 We are all now writing stories. Sometimes in memory, sometimes in air. The wind lifts and passes us in gusts. Our stories scatter over continents, camouflaged histories we cannot share. In *Being Here*, Manini Nayar brings together a finely crafted collection of interconnected stories that follow the daily miracle of her characters' inner lives. Nayar brings to the forefront immigrant women making their way in the world as mothers, as wives, as outliers, and as rebels. She writes about their insistence on autonomy, the absurdity of the struggles they face, and their

occasional triumphs These stories loop and double back across time and locales linking characters through memory while illumining lives forever changed by an offhand phrase an act of will or an unsought encounter Readers will meet a wide array of characters but it is Nina with whom they will become most familiar as she appears throughout the collection first as a young wife brought to the US by her husband Siddharth Vellodi second as an older sister and third as a divorced mother whose daughter s fateful rebellion remains the mysterious and incandescent center of the stories Nayar s exploration of inward lives as the locus of dramatic action and events allows both characters and readers to grapple with simply being In doing so Nayar reveals the performative aspects of language particularly its ability to create destroy and heal connections In poetic and eloquent prose Being Here constructs a luminous collage of restless immigrants united by their shared deference to a brave new journey In their burgeoning voices another America is found both latent and radiantly alive **Fourth**
