**Between the Ears: Using Cognitive Science to Build Lasting Customer Connections** Sandeep Dayal, 2021-11-30. Build a cognitive brand that connects with your customers in the deepest, most meaningful ways. Successful marketing is all about unlocking the door to people's thoughts, feelings, memories, and fantasies. Tap into one or more of these and your brand will stick forever. In *Branding Between the Ears*, world-renowned marketing thought leader Sandeep Dayal explains how to leverage behavioral psychology, social anthropology, and neuroscience to decode what goes on in consumer minds and create effective marketing strategies to build the kind of loyalty that fuels today's iconic brands. Dayal reveals that most successful cognitive brands are architected around three questions consumers ask themselves: Does this brand give me good vibes? Does what this brand says make sense to me? Will I be happier if I buy this brand? These three factors—good brand vibes, brand sense, and brand resolve—are the hidden mantra that pushes customers off the fence of indecision and gets them not just to admire but actually buy the brands again and again. *Branding Between the Ears* reveals paradigm shifts in building and executing brands that are informed by a burgeoning body of research in brain sciences and offers a better way to make brands that not just stand out but connect with consumers and embed deeply in their thoughts to drive choice. Dayal is the marketing thought leader who predicted that consumer collaboration would be the key factor in winning people's trust online and giving consumers control over their personal information would be central to gaining their trust in issues that are unfolding today. Now with *Branding Between the Ears*, he provides equally prescient principles and new ideas for gaining the competitive edge in a largely uncertain future and winning with cognitive power brands. **Directory of Chain Restaurant Operators**, 2005
