Essays on Psychogeography and the City as Performance John C Green,2024-01-26 With 70% of the world s population expected to live in urban environments by 2050 cities are poised to become the most significant spaces to shape personal and communal identity As contemporary cities become event destinations a dialogue is emerging between the performing arts and the urban context and social fabric Inspired by the principles of Psychogeography this collection of essays highlights the performative aspects of cities as landscapes of creative inspiration where curiosity imagination playfulness and the energy of the street combine with contemporary performance practices to create immersive public art experiences Written by an international cohort of scholar artists these essays offer arts practitioners urban specialists and general readers a practical guide to experiencing the cityscape as the Artscape

Proceedings of the 2025 3rd International Conference on Image, Algorithms, and Artificial Intelligence (ICIAAI 2025) Yanan

Sun,2025-10-02 This book is an open access The 3rd International Conference on Image Algorithms and Artificial Intelligence ICIAAI 2025 will be held in Singapore Online Participation is acceptable during May 23 25 2025 bringing together researchers scientists and industry experts to discuss groundbreaking advancements in image processing algorithmic

development and artificial intelligence This conference offers a dynamic platform to exchange ideas form partnerships and explore emerging research in AI As AI technology becomes an integral part of industries worldwide its transformative potential is shaping modern society and redefining fields like healthcare finance manufacturing and education The integration of deep learning neural networks and computer vision is driving AI to new heights enabling machines to perform tasks that once required human intelligence From autonomous systems to predictive analytics the impact of AI continues to grow bringing both unprecedented opportunities and unique challenges ICIAAI was established to address these developments providing a platform where experts and innovators can present solutions explore ethical considerations and discuss AI s role in the future The first two editions of ICIAAI were highly successful attracting a global audience and showcasing pioneering work in machine learning computer vision data driven algorithms and more The second edition saw a significant expansion in topics and participation reflecting the surging interest in AI s applications and societal impact

Transforming Digital Learning and Assessment Peggy L. Maki,Peter Shea,2023-07-03 Responding to both the trend towards increasing online enrollments as the demand for face to face education declines and to the immediate surge in remote learning owing to the COVID 19 pandemic this book provides vital guidance to higher education institutions on how to develop faculty capacity to teach online and to leverage the affordances of an ever increasing array of new and emerging learning technologies This book provides higher education leaders with the context they need to position their institutions in the changing online environment and with guidance to build support in a period of transition It is intended for campus leaders and administrators who work with campus teams charged with identifying learning technologies to meet an agreed upon program or institution level educational needs for those coordinating across campus to build consensus on implementing online strategies and for instructional designers faculty developers and assessment directors who assist departments and faculty effectively integrate learning technologies into their courses and programs It will also appeal to faculty who take an active interest in improving online teaching The contributors to this volume describe the potential of artificial intelligence algorithms such as those that fuel learning analytics software that mines LMS data to enable faculty to quickly and efficiently assess individual students progress in real time prompting either individual attention or the need to more generally clarify concepts for the class as whole They describe and provide access to a hybrid professional development MOOC and an associated WIKI that curate information about a wide range of learning software solutions currently available and present case studies that offer guidance on building the buy in and consensus needed to successfully integrate learning technologies into course program and institution level contexts In sum this book provides readers with a comprehensive understanding of the technological capabilities available to them and identifies collaborative processes related to engaging and building institutional support for the changes needed to provide the rapidly growing demand for effective and evidence based online learning

How to Blog, Work, and Still Have Time to Clean the Bathroom. Inessa Radostin,2016-06-03

Inessa Radostin's teenage years were similar in habits to that of a baby raccoon looking for food and shelter Bouncing from job to job and interest to interest she has continued this life of a wandering nomad until she landed in the fashion industry The day she tried on her first sequined gown she knew she was hooked Fashion was the dumpster this raccoon was going to inhabit no matter the consequences With a background in writing and photography it seemed appropriate that she began a fashion blog but what do you know Life does not always afford one the ability to turn hobby into full time work quite so easily With a few hiccups turned to burps then to torturous acid reflux Inessa has found techniques to successfully balance blogging with a full time work schedule Filled with time management tips How to Blog Work and Still Have Time to Clean the Bathroom offers advice for new bloggers looking to venture into the business without quitting their nine to five jobs From choosing a platform to budget friendly photography and video solutions she shows you how to get around the undeniable struggle of operating a fully functional blog Packed with guidance on surviving the online world relaxation exercises and general tips she wishes someone gave her when she started out Inessa's first book is a practical must have resource for new bloggers
