Longman, Cynthia Cherrey, 2015-07-01 Women and Leadership around the World is the third volume in a new series of books Women and Leadership Research Theory and Practice that will be now being published to inform leadership scholars and practitioners The purpose of this volume is to explore areas of women's leadership in four regions around the world the Middle East Europe North America and Asia Pacific Hence we have included 14 chapters that cover a wide range of important topics relevant to women and leadership within specific contexts around the world Our goal for this volume is to provide readers with explorations of women's experiences as leaders including recent research studies analysis and interpretation of statistics unpacking the status of women in various sectors and countries stories of influential women leaders with national or local spheres of influence and including recommendations for positive change to increase women's access to positions of authority The volume contributors use various theories and conceptualizations to problematize
