How to Enhance Learning Efficiency When Online Learning is Popular and Indispensable: Theory, Research and Practice Rong Lian, Chang Liu, Juzhe

Xi,2024-07-17 Online learning has become more and more common globally whether for comfort adapting to work hours or just having the freedom to study from anywhere And now under the coronavirus pandemic as people are having to stay at home it has become more important than ever Although the popularity of wireless network and portable smart device makes it possible for people to acquire and learn knowledge anytime and anywhere it does not necessarily mean an increased learning performance Relevant research in cognitive science has revealed possible limitations in online learning For example the knowledge acquired through online learning tends to be fragmented and lacks guidance for integrated thinking among different subjects which makes it difficult for learners to form a systematic knowledge structure Learners may experience cognitive overload metacognitive illusion and low learning efficiency in self regulated learning It follows that in the post COVID 19 era online learning puts forward new requirements and challenges to the contemporary students not only to their learning strategies but positive character traits in learning Most of the current learning theories were developed in the early 20th century and may not fit in well with the current situation then possibly leading to inefficient learning and increased learning burden Therefore it is necessary and important to reexplore the influencing factors and mechanisms that affect the learning efficiency of students at all levels nowadays based on which we could construct a theoretical model of efficient learning model **A Thinker's Guide to Effective Writing** William T. Bailey,2007 **WORLD: The Great Wall Of Publishing An Entrepreneurial Analogy** SHEILA SHAW ,2025-03-26

The Great Wall of Publishing An Entrepreneurial Analogy Just as the Great Wall of China stands as a testament to human ingenuity and perseverance the journey of an independent author entrepreneur in the publishing industry is a monumental undertaking that requires vision strategy and unwavering determination⁵ Imagine your publishing venture as a vast interconnected structure akin to the Great Wall You the author entrepreneur are the emperor overseeing the construction and maintenance of this grand edifice Your parent company is the imperial court the central authority from which all decisions and resources flow⁷ Each watchtower along your publishing wall represents a subsidiary or role you must manage The Author s Tower This is where creativity flourishes and your literary works are crafted The Editor s Fortress A stronghold of quality control ensuring your content is polished and refined The Designer s Pavilion Where your book s visual identity takes shape from cover art to interior layout The Marketer s Beacon A signal fire that attracts readers from far and wide The Distributor s Gateway The point where your book embarks on its journey to reach readers Each of these towers functions as its own business unit much like how Victoria s Secret and Bath Body Works operated under the L Brands umbrella³⁷ They are distinct entities with specialized functions yet all contribute to the overall success of your publishing empire As the emperor of this literary kingdom you must wear many hats switching roles as you move from tower to tower One moment you re the visionary author the next a meticulous editor then a savvy marketer This multifaceted approach mirrors the entrepreneurial spirit that drives successful self published authors⁶⁸ Your subsidiaries can be viewed as contracted freelancers or specialized departments within your empire The editor might be

an independent contractor while your design team could be a small agency you collaborate with regularly Your distribution arm might leverage platforms like Amazon KDP acting as a vital partnership in your business model¹⁴ Remember like the Great Wall your publishing venture is not built in a day It requires continuous effort adaptation and expansion Each book you publish is a new section of the wall extending your reach and influence in the literary landscape As you stand atop your Great Wall of Publishing surveying the vast territory of the book market take pride in the empire you've built Your ability to seamlessly transition between roles manage diverse subsidiaries and maintain a cohesive vision is what sets you apart in the world of independent publishing⁹ In this ever evolving industry your adaptability and entrepreneurial spirit are your greatest assets Like the Great Wall which has withstood the test of time your publishing venture can become an enduring legacy a testament to the power of independent authorship and entrepreneurial determination **Whitaker's Book List** ,1991
