Developing Effective Communication Skills in Archaeology Proietti, Enrico, 2019-11-22

Communicating archaeological heritage at the institutional level reflects on the current status of archaeology and a lack of communication between archaeologists and the general public only serves to widen the gap of understanding. As holders of this specific scientific expertise, effective openness and communication is essential to understanding how a durable future can be built through comprehension of the past and the importance of heritage sites and collections. *Developing Effective Communication Skills in Archaeology* is an essential research publication that examines archaeology as a method for present researchers to interact and communicate with the past and as a method for identifying the overall trends in the needs of humanity as a whole. Presenting a vast range of topics such as digital transformation, artificial intelligence, and heritage awareness, this book is essential for archaeologists, journalists, heritage managers, sociologists, educators, anthropologists, museum curators, historians, communication specialists, industry professionals, researchers, academicians, and students.
