**AI Prompts for Productivity** Gabriel Jones, 2025-10-03

Are you tired of drowning in routine tasks, endless emails and repetitive work that drains your energy and stalls your career growth? What if you could reclaim hours from your week and focus on the high impact work that truly matters? The future of professional productivity isn't about working harder. It's about working smarter with artificial intelligence.

**AI Prompts for Productivity** is your practical, beginner-friendly guide to mastering the single most valuable professional skill of the decade: effective AI prompting. This book demystifies generative AI and provides a step-by-step framework to turn you into a highly efficient AI-augmented professional, regardless of your technical background.

Written by workplace productivity expert Gabriel Jones, this comprehensive handbook is designed for busy professionals, entrepreneurs, students, and anyone looking to gain a competitive edge in their career. Forget generic advice and technical jargon. This guide is packed with actionable steps, relatable workplace examples, and real-world scenarios to help you get tangible results fast.

Inside this book, you will discover how to:

- Master the Anatomy of a Perfect Prompt: Learn the four essential elements: Context, Task, Format, and Constraints (CTFC) to get precisely the output you need every single time.
- Automate Your Most Tedious Tasks: Move beyond simple text generation to automate report summaries, data organization, meeting preparation, and professional correspondence.
- Build a Personal AI Workflow: Design a systematic approach to integrating AI into your daily morning, midday, and evening routines for maximum efficiency.
- Unlock Advanced Prompting Strategies: Learn to chain prompts together to automate complex, multi-step processes from start to finish.
- Accelerate Your Career Growth: Use AI to optimize your resume, prepare for interviews, enhance your personal brand, and identify opportunities for advancement.

With over 150 copy and paste prompt templates organized by profession, you won't just read about productivity; you will build the habits and systems to achieve it. Stop letting repetitive work dictate your day. It's time to take control, automate the mundane, and unlock your true professional potential.

**AI Marketing** Eliane Karsaklian, 2025-04-04

This book demonstrates how brands use AI to entice customers and discusses the use of AI as a competitive advantage for marketers. Did you know that investors at Wall Street wait for the Groundhog Day's forecast to make their financial decisions? Did you know that your favorite influencer is not a real person? Did you know that your smartphone works like a magic wand? Don't you feel cursed without it? You will know all about it in this book.

Consumers just like you are looking for an effortless life, and technology is making it possible with self-driving and self-parking cars, smart houses, beds automatically adjusting to one's sleeping needs, and robot vacuuming homes all without human intervention while we share our personal QR codes. Brands bring you magical solutions: Mr. Clean, Magic Eraser, L'Oréal Magic Roots, and

you can customize your life by magically creating your own world with the metaverse and the products you want with a 3D printer Technology and magic enclose mysteries that we cannot assess we see the input and the output but no one knows exactly what happens within the process Extensively documented with publications and empirical research this book demonstrates how brands use AI to entice customers It also discusses the use of AI as a competitive advantage for marketers and its deployment around the world Whether you are curious and confused about technology or a marketer without IT background expected to incorporate AI in your marketing strategies this book is for you so put some magic in your life Ai Weiwei Ai Weiwei, Weiwei Ai, 2011 This title looks at Chinese artist Ai Weiwei's Circle of Heads his twelve large bronze animal heads depicting the ancient Chinese zodiac 十二生肖 2014 The solo exhibition Ai Weiwei absent at Taipei Fine Arts Museum TFAM is the artist's first large scale solo exhibition to be held anywhere in the ethnic Chinese world The museum presents the exhibition to convey Ai Weiwei's dynamic works of arts his ideas and influential power to audience Ai Weiwei absent presents 21 sets of artwork spanning a period from 1980s to 2011 encompassing a variety of forms such as installation and video and using a variety of materials such as ceramics marble antique utensils and bicycles It also includes a series of over 100 photographic works 75 of which were taken by the artist during his stay in New York between 1983 and 1993 while the other 25 pieces were shot after he moved back Beijing East Village in 1993 The artist's most recent work Forever Bicycles created specially for this exhibition is composed of 1 200 bicycles and installed in an exhibition space 10 meters high Bicycles have long been the most common means of transport in China and as such are both familiar and intimate but Ai Weiwei strips away the functionality of the object He takes his own sensitivity and preferences and through them expands the idea of using finished objects The use of 1 200 bikes and the large structure of the work were particular challenges in the construction of the piece In addition as the bikes are piled layer upon layer on top of each other their wheel axles are transformed to form a labyrinthine like space Visitors can appreciate and reflect on the aesthetics of the abstract shapes from different angles at the same time feeling first hand the work's great energy and appeal Date October 29 2011 January 29 2012 Second Person Noah Wardrip-Fruin, Pat Harrigan, 2007 Games and other playable forms from interactive fictions to improvisational theater involve role playing and story something played and something told In Second Person game designers authors artists and scholars examine the different ways in which these two elements work together in tabletop role playing games RPGs computer games board games card games electronic literature political simulations locative media massively multiplayer games and other forms that invite and structure play Second Person so called because in these games and playable media it is you who plays the roles you for whom the story is being told first considers tabletop games ranging from Dungeons Dragons and other RPGs with an explicit social component to Kim Newman's Choose Your Own Adventure style novel Life's Lottery and its more traditional author reader interaction Contributors then examine computer based playable structures that are designed for solo interaction for the singular you including the mainstream hit
