Building a Community of Self-Motivated Learners Larry Ferlazzo,2015-03-12 Award winning teacher blogger and author Larry Ferlazzo is back with more insightful research and strategies for helping students want to care more about school and learning In his previous books on motivation *Helping Students Motivate Themselves* and *Self Driven Learning* he tackled ways to help students build intrinsic motivation by how you use class time manage your class encourage students to feel positive about learning help them not feel burned out by testing and more In this book he looks at how teachers can create classroom conditions that are needed for motivation to grow in the first place Ferlazzo provides research based suggestions on what you can do today to help students want to develop qualities like physical health grit flow and a desire to transfer what they re learning to life outside of school At the end of each chapter you ll find high interest lesson plans correlated to the Common Core ELA Literacy Standards that set the stage for long term positive impacts Students will read about sports stars how maintaining a healthy lifestyle can help them achieve their goals and other engaging topics They will integrate information from various texts and make connections to their own lives hopes and dreams a more powerful way to learn to care than being told they should The readings for these lessons and other tools are available as free eResources on our website so you can easily print them for your students

Understanding and Creating Digital Texts Richard Beach,Chris M. Anson, Lee-Ann Kastman Breuch,Thomas Reynolds,2014-10-16 Given the increased use of digital reading and writing tools in the classroom this book provides secondary and college English language arts teachers with activities and classroom examples for using a range of different digital tools blogs wikis websites annotations Twitter mapping forum discussions etc to engage students in understanding and creating digital texts It therefore integrates reading and writing instruction through goal driven activities supported by uses and affordances of digital tools This book also provides a framework for designing these activities that encourage students to define purpose and audience make connections between

digital texts and people collaborate with others employ alternative modes of communication and gain new perspectives and constructing identities practices that are linked to addressing the high school English Language Arts Common Core State Standards The book also describes ways to use digital tools to support these practices for example using digital tools to foster students collaborative reading and writing The book also describes use of digital feedback and e portfolio tools to foster students reflection on their uses of these practices

Writing and Reading Connections Zoi A. Philippakos, Steve Graham, 2022-10-13 Writing skills are essential for success in the 21st century school and workplace but most classrooms devote far more time to reading instruction with writing often addressed in isolation or excluded In this insightful professional development resource and text leading researchers discuss why and how to integrate writing and reading instruction in grades K 12 and beyond Contributors explore how to harness writing reading connections to support learning in such areas as phonics and spelling vocabulary understanding genre and text structure and self regulated strategy development as well as across content areas and disciplines Special considerations in teaching emergent bilingual students and struggling literacy learners are described User friendly features include guiding questions classroom examples and action questions that help teachers translate the research and concepts into practice An NCTQ Exemplary Text for Reading Instruction
