Customer-directed Healthcare Reform with Episode Pricing Douglas W. Emery, 2006 After 15 years of reform efforts managed healthcare is on life support But there is room for hope Addressing what remains a key national issue CONSUMER DRIVEN HEALTHCARE REFORM does not disparage managed care but addresses its underlying limitations Building upon the strengths of managed care it offers a refreshing approach for the future of healthcare Instead of the top down command and control approach of orthodox managed care this breakthrough book advocates a bottom up market oriented strategy in which consumer choice drives prudent behavior Though it doesn't purport to resolve all the issues within the healthcare system the book delivers reforms that if deployed on a wide scale and executed properly will bring a far greater rationalization of our economic healthcare assets It emphasizes that large coalitions of private sector plans payers and ideally government must come together around a common model to help defray the costs of change and to usher in the critical mass needed to catalyze that change

TAX REFORM AND INFLATIONARY EPISODE (IIUM PRESS) Chan Sok Gee, Zulkufly Ramly, Jauhari Zainuddin, 2022-05-04 The COVID 19 pandemic crisis led to higher borrowings and fiscal

deficits To overcome the situation new tax policies or tax reform are vital as one of the fiscal policy objectives is to reduce the budget deficits Nevertheless tax reforms are likely to affect the cost of production which results in inflation leading to the change in consumption pattern in the economy This situation will therefore worsen the current economic situation Thus this book in a nutshell looks into the role of tax reform in influencing the societal well being from the perspective of inflationary episode This book used Malaysia as a case study in investigating the tax reform and inflationary episode given the relatively recent tax reform that had taken place in 2015 with the introduction of Goods and Services Tax GST and its subsequent abolishment in 2018 when the elected Pakatan Harapan government reverted to the Sales and Services Tax SST or known as SST 2.0 Hence it is vital for the people to understand the role of tax reform in affecting the inflationary episode in Malaysia so that everyone can contribute towards minimizing its adverse impacts
