rejection and discrimination and depriving her of a permanent home or family Detention facility staff place a gay youth in isolation for his own protection depriving him of education recreation companionship or other programming and services Line staff in a group home fail to intervene when residents harass and abuse a transgender youth because they believe he asked for it by being open about his gender identity These disturbingly common practices illustrate the serious problems in the care of lesbian gay bisexual and transgender youth in the child welfare and juvenile justice systems The lack of professional guidance related to youths sexual identities has left a vacuum that is often filled by harmful discriminatory practices based on personal biases rather than informed evidence based policies The best practice guidelines in this book will improve outcomes for youth with accurate up to date information about the best practices for providing competent services to youth who are lesbian gay bisexual or transgender LGBT The Best Practices Guidelines after opening with an acknowledgments and introduction section offers eight chapters as follows 1 LGBT Youth in Out of Home Care 2 Creating an Inclusive Organizational Culture 3 A Family Centered Approach to Serving LGBT Youth 4 Promoting Positive Adolescent Development 5 Collecting and Managing Confidential Information 6 Ensuring Appropriate Homes for LGBT Youth 7 LGBT Youth in Institutional Settings and 8 Providing Appropriate Health Mental Health and Education Services to LGBT Youth The Guidelines conclude with appendices 1 Model Standards Project Staff and 2 Model Standards Project Advisory Committee a glossary and a list of references
