Cycladic Spirit Masterpieces From The Nicholas P Goulandris Collection:

The Cycladic Spirit Colin Renfrew, John Bigelow Taylor, Hidryma Nikolaou P. Goulandrē, Mouseio Kykladikēs Technēs, 1991 **Early Cycladic Sculpture in Context from beyond the Cyclades** Marisa Marthari, Colin Renfrew, Michael J. Boyd, 2019-12-31 This second volume on Early Cycladic and Cycladicising sculptures found in the Aegean examines finds from mainland Greece along with the rarer items from the north and east Aegean with the exception of those discovered in the Cyclades covered in the preceding volume and of those found in Crete The significance of these finds is that these are the principal testimonies of the influence of the Early Bronze Age Cycladic cultures in the wider Aegean This influence is shown both by the export of sculptures produced in the Cyclades and made of Cycladic marble and of their imitations produced elsewhere in the Aegean usually of local marble They hold the key therefore to the cultural interactions developing at this time the so called international spirit manifest particularly during the Aegean Early Bronze II period This was the time when the foundations of early Aegean civilisation were being laid and the material documented is thus of considerable significance The volume is divided into sections wherein contributions examine finds and their archaeological social and economic contexts from specific regions It concludes with an overview of the significance and role of these objects in Early Bronze Age societies of the Aegean and eastern Mediterranean region This will be the first time that this material has been systematically gathered together Highly illustrated it follows and builds on the successful preceding volume *Early Cycladic Sculpture in Context* Oxbow 2016 **Early Cycladic Sculpture in Context** Marisa Marthari, Colin Renfrew, Michael J. Boyd, 2017-01-04 The sculpture of the early bronze age Cyclades has been systematically studied since the time of Christos Tsountas at the end of the 19th century But that study has been hampered by the circumstance that so many of the subsequent finds come from unauthorized excavations where the archaeological context was irretrievably lost Largely for that reason there are still many problems surrounding the chronology the function and the meaning of Early Cycladic sculpture This lavishly illustrated and comprehensive reassessment sets out to rectify that situation by publishing finds which have been recovered in controlled excavations in recent years as well as earlier finds for which better documentation can now be provided Using the material from recent excavation projects and drawing on the papers presented at a symposium held in Athens in 2014 it is possible now to undertake a fresh overview of the entire body of sculpture from the Cycladic islands which has been found in secure archaeological contexts Beginning with early examples from Neolithic settlement sites and extending into a consideration of material found in later contexts the 35 chapters are divided into sections which examine sculpture from settlements cemeteries and the sanctuary at Kavos concluding with a discussion of material techniques and aspects of manufacture **Idolizing. [Review Of] Renfrew, Colin. The Cycladic Spirit** John Boardman, 1992 **The Cambridge Companion to the Aegean Bronze Age** Cynthia W. Restraint's Rewards: Limited Sovereignties, Ancient Values, and the Preamble for a European Constitution McCormick, Peter, Any EU constitution tomorrow will need to embody basic European ethical values Yet the identity of such values and their sources remain strongly controversial Peter McCormick retrieves from cultural origins of some major European values a basic ethical value of a measured and critically reasoned restraint in all things At the same time he argues that this originary ethical value entails a renewed understanding of political social and individual sovereignties no longer as almost absolute but as necessarily limited The rewards for polities of fully assuming such a basic ethical value turn out to include the ineluctable necessity for the rule of law the constitutionalisation of social pluralisms and the entrenchment of personal dignity **Synopsis: An Annual Index of Greek Studies, 1993, 3** Andrew D.
