and at times dangerous network and the similarly precarious politics and financing that make it what it is She discovers beauty friendship and adventure along the way from the Cairngorms to Cornwall from the Pennines to the South Wales coast On her mission to pin down what the NCN is and what it means to those who use it she also meets up with high profile travelling companions including Chris Boardman and Ned Boulting In a country where 71% of trips are less than five miles two thirds of Britons say they want to cycle more and doing so could help our climate health and wellbeing Laura is on a mission to see if we can make that dream a reality
