Gregory,2014-08-27 Here s the thing my family has a few secrets When I was ten I found out a big one My Dad is not my father Never mind that my Mom and Dad have been married for years longer than I ve been alive or that my biological father and his wife have been married for almost as long because I have no idea how any of that went down What I do know is that it doesn t add up I didn t tell them that I knew I d overheard a conversation that made it sound like it would be dangerous for me to be Matt s daughter So I kept my mouth shut and tried to enjoy the happy little family that my parents had tried to ensure I d have Except Dad got a new job and travelled a lot He only comes home every couple of months now And his job wasn t the safest around either I no longer had the safe normal life my parents had intended for me The happy family bubble had burst So since whatever deal that had been made appeared to be broken I decided to reach out to my biological father and try to have a relationship while still playing the game of pretending to not know the truth I have a plan to play on their fears for me They re afraid I m going to get hurt by someone if my true parentage was found out So the best way to appeal to Matt as far as I could figure was to approach him and ask for help in learning some self defense And once that door is opened maybe I can get to know the rest of his family too Matt never considered turning me away when I reached out to him but being around him came with strings Lots of strings all designed to keep me safe and hide the secret And then one day as I was on my way home I got snatched They said they kidnapped me because they wanted to draw my father out My problem I don t know which father they re after and I can t open my mouth and say anything because I don t know who s safe and who s not

Ku Klux Klan Sheet Music Danny O. Crew, 2015-09-16 The Ku Klux Klan has received much attention for its violent activities but comparatively little research has been done on its musical legacy The printed music that still exists is spread throughout the nation in both public and private collections This work presents chronologically the music associated with the Klan from 1867 to 2002 thus enabling readers to sense the arguments and attitudes of the Klan as they developed and changed over time Because of the relative scarcity of Klan related music non Klan music that mentions the word Klan is included These obscure references help place the Klan in a larger social perspective and are very important in documenting anti Klan musical reaction In instances where a song merely mentions the Klan usually in only one verse or in the chorus then only that verse containing the Klan reference plus appropriate context is included The catalogue also includes Klan related music that does not have lyrics such as marches waltzes two steps and several Klan related pieces that were published in Europe Sheet music was virtually nonexistent after the 1930s so in order to capture a feeling of Klan related music today a limited discography of Klan related recordings from 1920 to 2002 is also included
