Hanley, Henning Melber, 2011 It is now fifty years since Dag Hammarskjöld left the world and the United Nations behind Yet with every passing year since his death his stature grows and his worth along with his contribution becomes more apparent and meaningful When Hammarskjöld was at its helm the United Nations was still a relatively young organization finding its way in a post war world that had entered a new phase the cold war for which there was no roadmap He was a surprise choice as Secretary General a so called safe choice as there was little expectation that this former Swedish civil servant would be more than a competent caretaker Few imagined that Dag Hammarskjöld would embrace his destiny with such passion and independence and even fewer could have foreseen that he would give his life in service to his passion But as Hammarskjöld himself stated Destiny is something not to be desired and not to be avoided a mystery not contrary to reason for it implies that the world and the course of human history have meaning That statement sums up his world view This is a volume of memoirs written by people who knew Hammarskjöld We hope that these memories succeed in imparting to those who never knew or worked with Dag Hammarskjöld the intrinsic flavour of this unusual highly intelligent highly complex individual who believed deeply in the ability of people especially their ability to affect the world in which they live He once reflected Everything will be all right you know when When people just people stop thinking of the United Nations as a weird Picasso abstraction and see it as a drawing they made themselves Today that advice rings as true as ever **Public Papers of the Secretaries-General of the United Nations: Dag Hammarskjöld, 1953-1961. 4 v**, 1969 **TRIUMPH OF RACISM: The History of White Supremacy in Africa and How Shithole Entered the U.S Presidential Lexicon** Emmanuel Neba-Fuh, 2021-04-05 Emmanuel Neba Fuh in this comprehensive chronological compilation and thorough narrative of the history of white supremacy in Africa provide an unflinching fresh case that African poverty a central tenet of the shithole demonization is not a natural feature of geography or a consequence of culture but a direct product of imperial extraction from the continent a practice that continues into the present A brutal and nefarious tale of slave trade genocides massacres dictators supported progressive leaders murdered weapon smuggling cloak and dagger secret services corruption international conspiracy and spectacular military operations he raised the most basic and fundamental question how was Africa the world's richest continent raped and reduced to what Donald J Trump called shithole V Mbanwie
