*Subject Guide to Books in Print* ,1975      **Most Evil Is Done by Good People Who Do Not Know That They Are Not Good** Ferd L. Wagner,2010-05 This book takes the view that Christian truth is the basis for all answers to social issues and that there are not two opposing but equal answers within Christian truth that are equally valid and equally acceptable to God Any so called truth or right that circumvents or undercuts the required sacrifices disciplines and self denial demanded by God in any given social or moral issue ceases to be truth ceases to be right the moment it becomes a force unto itself outside of or independent of the Scripturally required obedience Human history has shown over the millennia that when the letter and spirit of God s laws are not obeyed the truth is abused nations become confused and people are used Many of our

political and social issues are rooted in our misplaced belief that tolerance inclusion equal respect for unequal truth and live and let live is the way to greater peace and prosperity They are all wrong Each individual government and nation is judged by their response to Christ The Christian nation or one which ascribes to being one is tasked to set the Christian standard as every nation s point of reference It is the Christian s duty to show that the valid rule of God s law the letter of God s law and the spirit of God s law are superior to any other alternative standard The biggest obstacle to Christianity today is the undisciplined misinformed and unfaithful lifestyles of professing Christians The Church has become so indoctrinated in its aversion to any form of discrimination that it has placed a higher priority on keeping the peace by compromising than by keeping the truth by discriminating By accepting a false peace and rejecting a hard truth that resists compromise it begets neither peace nor truth     Putting on the Lord Jesus Bjork David E Bjork,2021 This book is a fresh inviting text on the content of the gospel and the way it influences our understanding of important scriptural themes tied to our relationship to the rabbi from Nazareth the Lord Jesus Drawing from the best of recent New Testament scholarship mission related themes such as discipleship atonement the Kingdom of God faith the Trinity the Church and life guided by the Holy Spirit are discussed Accessible clear thought provoking and very readable this work will be appreciated by pastors seminary students and thoughtful lay leaders Publisher     *A Psychology for People of God* E. Rae Harcum,2012-04-19 This book combats the anti religious sentiment of some psychologists It argues that Christians do not have to give up their religious faith to keep the contributions of science A science compatible with religion accepts that human beings have freedom of will to select behaviors and that all methods of studying human behavior are acceptable Both of these premises are accepted by a modern view of science which recognizes its inherent subjectivity E Rae Harcum explicitly asserts the important role of spirituality in psychology especially in psychotherapy The book confronts the relation between the human body and its non material parts the mind and spirit and provides a way of looking at these metaphysical issues A Psychology for People of God promotes the need of the Christian to love and to care for his or her fellows After all fitness for survival entails the willingness to serve
