## **Dh Lawrence And The Trembling Balance:**

*D.H. Lawrence and the Trembling Balance* James C. Cowan,1990 The trembling balance in Lawrence s work considered either as theoretical system or in its phenomenological form is characterized by the dynamic qualities of interrelatedness and flux Cowan shows that in Lawrence s conception the dynamic experience of life s quickness necessarily involves giving up static equilibrium in the ebb and flow of human consciousness between self and other bringing about a sequence of stability instability resilience and creative change Lawrence s conception of art as a recreation of the trembling balance of life is explored in his treatment of the figure of the artist in a number of his major novels Because his conception of art is biologically based Lawrence locates the aesthetic balance he seeks to establish between blood consciousness and spiritual consciousness firmly in the body most often in the imagery of the male body Lawrence identifies with Melville who was for him an example of the true artist as myth maker reconciling Christian and pagan consciousness in an organic symbolism rooted in unconscious experience Cowan provides a critical study of Lawrence s dualism dealing with ideas and issues that were intensely personal for Lawrence

**Modernism and Cultural Conflict, 1880-1922** Ann L. Ardis,2002-10-31 In *Modernism and Cultural Conflict* Ann Ardis questions commonly held views of the radical nature of literary modernism She positions the coterie of writers centred around Pound Eliot and Joyce as one among a number of groups in Britain intent on redefining the cultural work of literature at the turn of the twentieth century Ardis emphasizes the ways in which modernists secured their cultural centrality she documents their support of mainstream attitudes toward science their retreat from a supposed valuing of scandalous sexuality in the wake of Oscar Wilde s trials in 1895 and the conservative cultural and sexual politics masked by their radical formalist poetics She recovers key instances of opposition to modernist self fashioning in British socialism and feminism of the period Ardis goes on to consider how literary modernism s rise to aesthetic prominence paved the way for the institutionalization of English studies through the devaluation of other aesthetic practices

**Modernism and the Theater of Censorship** Adam Parkes,1996-02-22 Adam Parkes investigates the literary and cultural implications of the censorship encountered by several modern novelists in the early twentieth century He situates modernism in the context of this censorship examining the relations between such authors as D H Lawrence James Joyce Radclyffe Hall and Virginia Woolf and the public controversies generated by their fictional explorations of modern sexual themes These authors located obscenity at the level of stylistic and formal experiment *The Rainbow* *Lady Chatterley s Lover* *Ulysses* and *Orlando* dramatized problems of sexuality and expression in ways that subverted the moral political and aesthetic premises on which their censors operated In showing how modernism evolved within a culture of censorship *Modernism and the Theater of Censorship* suggests that modern novelists while shaped by their culture attempted to reshape it

*Rhetoric Of The Unselfconscious In D H L* Masami Nakabayashi,2011-10-10 In this study of the *Lady Chatterley* novels Masami Nakabayashi pays particular attention to D H Lawrence s language for the feelings and for the life of the

unselfconscious sexual body The novels constantly find ways of verbalising the characters internalised experiences as they occur in states of unselfconsciousness Lawrence's language for sensual feelings and emotions has always been regarded as simply sexual and no previous critics have explored or made sense of the complexities of his peculiar but extremely sophisticated writing practice in the Lady Chatterley novels Lawrence was a habitual reviser of his work and despite the availability of reliable texts in the Cambridge edition few critics have traced the nature and significance of his changes from one draft to the next By examining and analysing the novels particular linguistic revisions Masami Nakabayashi reveals the textual impulse behind Lawrence's original conception and its subsequent change and development

**Philosophy and Literary Modernism** Robert P. McParland, 2018-10-01 Philosophy and Literary Modernism probes the relationship of authors with the thought of their time The authors studied here include Conrad Eliot Faulkner Forster Hemingway Hesse Kafka Joyce Lawrence Williams and Woolf among others Literary modernism engaged with explorations of literary form language ways of knowing the world identity commitment chance truth and beauty The book considers how writers participated in the intellectual spirit of their time and with the thought of philosophers like Henri Bergson G E Moore Bertrand Russell Alfred North Whitehead and Ludwig Wittgenstein

Lawrence* Jan Pilditch, 2001-08-30 The works of D H Lawrence have always generated critical controversy From the early prosecution of The Rainbow 1915 to more recent disputes about feminist criticism Lawrence engenders strong feelings both for and against his writings His appeal both artistic and intellectual knows no boundaries His works remain in print and are widely taught anthologized and translated around the world So too his texts have engaged some of the best critical minds and scholarship on Lawrence and his works continues to grow This reference chronicles the critical response to his writings A chronology presents the highlights in his publishing career while an introductory essay summarizes the major trends in Lawrence criticism The sections that follow present previously published reviews and essays on his novels plays poems short fiction and prose and letters These items are arranged chronologically to illustrate the response to Lawrence over time The volume

closes with a selected general bibliography      Writing the Body in D.H. Lawrence Paul Poplawski, 2001-02-28 One of Lawrence's main concerns in his art was to explore and experiment with new ways of writing about the body. But with one or two notable exceptions few critics have systematically interrogated the broader ramifications of this concern especially in terms of contemporary theoretical debates about language representation and sexuality. This book remedies that situation by considering some of the social cultural and ideological contexts of Lawrence's writings of the body and by engaging closely with his texts from a range of pertinent theoretical positions. The essays included in this volume are written by experts from around the world. The contributors provide detailed discussions of specific major works by Lawrence and employ theoretical approaches which give special attention to language representation and sexuality including postmodernism Marxism structuralism the sociology of censorship Freudian and Jungian psychoanalysis feminism and gender studies and narrative theory. While Lawrence's major novels and short stories provide the main focus for the volume the book also examines his lesser known writings including unfinished story fragments introductions and forewords and literary and journalistic essays.

**D.H. Lawrence** Carla Comellini, 1995 This critical study on mutual and cross references and interferences in Lawrence's literary production aims to trace the influence of Lawrence's works in contemporary literature in English after an analysis of how much he inherited from previous authors as well as from different cultures and myths and how much he contributed in divulging his cultural background. Lawrence's approach to nature his desperate refusal of industrialization his example of travel writing became a source of inspiration or a sort of legacy. But Lawrence's legacy creates the effect of a permanent quarrel because of the controversial responses to his works censorship accusations of obscenity ambiguity aroused by the fact of being stereotyped as the prophet of sex as well as of being at the centre of the feminist and misogynist disputes.
