Careers in Business Lila B. Stair, 1998 Now more than ever the world of business offers a wide variety of challenging and satisfying jobs to people with talent training and dedication How do you sort through your options and select the career path best for you With CAREERS IN BUSINESS you will find expert advice and learn what it is really like to work in more than 200 professions **The Consumer Information Catalog** , **The Journal of Business Education** , 1983 **The Contribution of Education to Economic Productivity** Wynn De Bevoise, 1983 According to traditional measures the productivity of the American worker has declined If education's contribution to economic productivity is to be important in this decade the measures need better definition Technology has affected our perception of how much education is required to keep pace with growth Those who believe there is a shortage of job specific skills want more vocational education in the schools others who see vocational education as a way of narrowing student competencies and lowering expectations stress that schools first priority should be the teaching of a core of skills In the 1980 s there has been an increase of workers holding jobs for which they are overeducated Gains in educational equity have not produced economic equity making the problem a concern of the workplace not the classroom It is evident that productivity increases as workers participate in decision making at work It is also becoming more apparent that the most productive workers may be those with broad educational backgrounds yet math and science skills have declined and foreign language and international studies have been neglected The skills needed for the evolving information society call for general training in addition to job specific training The challenge to educators is to meet the current needs through evaluation of the type of curriculum that best prepares students for the range of tasks the future will require Most important in concentrating on individual productivity is

maintaining a sense of balance in educational programs between job specific training and general training MD **Film & Video Finder** ,1997 **For the Learning of Mathematics** ,2005 Economics in the Business Curriculum John E. Clow,1985 **El-Hi Textbooks and Serials in Print** ,2006 *Library Journal* ,1993 **Careers in Business, 5/e** Lila Stair,Leslie Stair,2005-09-27 It takes a lot of time and effort to prepare for a profession and this book takes you every step of the way to reaching that goal Ideal whether you are college bound or are ready to go back to school to gain the necessary degree Careers in Business explores specific professions and then helps you determine which job in that profession best suits you **El-Hi Textbooks & Serials in Print, 2005** ,2005 **El-Hi Textbooks in Print** ,1984
