

Sample paragraph : Video games

Although most people think video games are a waste of time, the truth is video games have lots of advantages. One of the pros is that they make children think and use their minds to solve puzzles and find solutions to problems they face in the game. Another advantage is that some games help kids and young people learn new words and sentences from other languages. In addition, games are a good way to have fun with brothers, sisters, and even with parents. In conclusion, video games, despite having some negative points, are a good way to have fun, enjoy your time and learn new things.
