Cut And Run The Assault On Canadas Forest:

Cut and Run Jamie Swift,1983 **Temagami's Tangled Wild** Jocelyn Thorpe,2012-02-03 *Temagami's Tangled Wild* traces the processes and power relationships through which the Temagami area of northeastern Ontario has become emblematic of Canadian wilderness In this sophisticated analysis Jocelyn Thorpe uncovers how struggles over meaning racialized and gendered identities and land have made Temagami a site of wild Canadian nature Despite the fact that the Teme Augama Anishnabai have for many generations understood the region as their homeland rather than as a wilderness the forestry and tourism industries as well as Canadian law have refused to acknowledge this claim Instead the concept of wilderness has been employed to aid in Aboriginal dispossession and to create a home for non Aboriginal Canadians on Native land An eloquent critique and engaging history *Temagami's Tangled Wild* challenges readers to acknowledge how colonial relations are embedded in our notions of wilderness and to reconsider our understanding of the wilderness ideal

Canadian Forest Policy Michael Howlett,2001-01-01 Arguing that the complexity of policy making in the forest sector has led many analysts to focus exclusively on specific sectoral activities or jurisdictions this collection of essays offers a simplifying framework of analysis *The Future Use of Nordic Forests* Erik Westholm,Karin Beland Lindahl,Florian Kraxner,2015-02-16 Diverse as they are in their histories and in the organization of their forest sectors most Nordic countries have this in common their economies and cultures are substantially based on the utilization of various forest resources This book explores Nordic forest futures and presents research results that form part of a scientific foundation for considering how to balance the functions of forests It is particularly concerned with global trends that may affect the future use of boreal forests Chapters investigate inter alia the growing world population and the expected economic growth in countries with huge populations and assess the resulting pressure on all land based resources Authors examine the urgent need for solutions to the energy crisis consider worrying climate scenarios and provide a global outlook on bioenergy futures Readers will discover how these developments will and must influence long term strategic decisions on the future use of Nordic forests The challenges and possible responses for future forest governance and forestry issues emerge as the chapters go on to consider the multiple pressures in particular on the Swedish Forestry Model among other themes By bringing together a distinguished group of internationally renowned scientists representing a diverse set of disciplines covering political science geography rural development forest economics history and geo sciences this book constitutes an exceptionally profound and thoughtful futures study Alexander Buck Executive Director International Union of Forest Research Organizations IUFRO

Against the Grain L. Anders Sandberg,Peter Clancy,2000 Presenting case studies of professional foresters from 1920 onwards this text reveals a rich tradition of alternative and dissenting practices combined with professional and political orthodoxies The aim is to illustrate the public and environmental challenges that engulf contemporary forestry **Cut and Run** Jamie Swift,1983 **Canadian Forest Industries** ,2004 **American Forests** Char Miller,1997 *American Forests* is

an interdisciplinary collection of essays that explore the impact of forestry on natural and human landscapes since the mid nineteenth century It has two main goals to present some of the most compelling arguments that have guided our understanding of the complex and evolving relationship between trees and people in the United States and to point out those aspects of this tangled interaction that we have yet fully to understand or to articulate Preface ix *Forest Planning-Canada*,1992 **Cut and Run : the Assault on Canada's Forests** Canadian Broadcasting Corporation,Ideas (Radio program),Jamie Swift,1985 *Bibliography of Agriculture with Subject Index* ,1988-10 Forest Dependent Communities in Canada Robert Stewart Robson,Brandon University. Rural Development Institute,1995 **Bushworkers and Bosses** Ian Walter Radforth,1987 The lumberjack freewheeling transient independent is the stuff of countless Canadian tales and legends He is also something of a dinosaur a creature of the past replaced by a unionized worker in a highly mechanized and closely managed industry In this far ranging study of the logging industry in twentieth century Ontario Ian Radforth charts the course of its transition and the response of its workers to the changes Among the factors he considers are technological development changes in demography and the labour market an emerging labour movement new managerial strategies the growth of a consumer society and rising standards of living Radforth has drawn on an impressive array of sources including interviews and forestry student reports as well as a vast body of published sources such as The Labour Gazette The Pulp and Paper Magazine of Canada and The Canada Lumberman to shed new light on trade union organization and on the role of ethnic groups in the woods work force The result is a richly detailed analysis of life on the job for logging workers during a period that saw the modernization not only of the work but of relations between the workers and the bosses from first page
