individual to continue busting his or her ass at that same job The illusion that working at the same job will be better bars off alternatives It is also a misconception that getting more money will solve financial distress but those who subject themselves most voluntarily to the race just spend more and more digging themselves the same hole I m not interested in money They will say If they aren t then why are they thanklessly toiling their lives away and constantly bitching about their financial scarcity It involves a variable combination of self induced fear of poorness a lack of choice horrible spending habits or the inability to adapt to the new changes in the work force taking place during the time of this definition entry There exists many options for financial gain and exit of the rat race Remember the definition of insanity also entails doing the same thing over and over again in an attempt to make things change I always advise people to get their information from someone who has been there and done it There is no point asking your morbidly obese doctor how to lose weight because he hasn t got the first clue Of course this won t stop him giving you advice This seems like an obvious point but day in day out intelligent people ask their poor friends for financial advice They ask their co workers what they think about escaping the 9 to 5 The advice they get back is 100% proof bull crap but offered with 100% certainty that it is correct There are thousands of books out there about escaping the daily grind living the life of your dreams and becoming fabulously wealthy A great deal of them are written by people who are in an equally poor or even worse situation as the target audience the book is intended for You can t be too critical of them because at least they are fighting to get where they want to go Most people are passengers in life white knuckling their trip down the river entirely unaware the oars are just under the seat So here s why you should listen very carefully to what I have to say in this book Everything I am going to tell you to do I have done myself I have been poor I have worked a 9 to 5 job that sucked my soul out my ass for 40 hours a week but I have also escaped it and become insanely wealthy as a result If you are serious about finding your passion living it and then selling this expertise for cash lots of cash Then this book is a vital first step on your journey to escaping the rat race [http www powerfullywealthy com](http://www.powerfullywealthy.com) Breaking Free Charles Lepinus,2023-08-19 Unlock the Door to Your Dream Life Discover the path to freedom and fulfillment with a groundbreaking guide that revolutionizes your perspective on success Break free from the mundane and embark on a transformative journey towards a life of purpose and abundance Delve into the secrets of financial independence unleash your entrepreneurial spirit and create a personalized roadmap for liberation This book is your roadmap to escape the rat race and embrace a future filled with passion purpose and the power to design your own destiny Unleash Your Inner Trailblazer Are you tired of the monotonous grind It s time to rewrite the script and chart your own course With expert insights and captivating stories this guide empowers you to shatter limitations and harness your untapped potential Embrace the psychology of change leverage alternative income streams and infuse your days with creativity and fulfillment Unleash your inner trailblazer carve a new path and revel in the journey towards a life that redefines success on your own terms Craft Your Personal Odyssey Picture a life where you re not just surviving but thriving Craft your personal odyssey of empowerment
