Application Service Providers (ASPs) John Michael Harney, 2002 The benefits of working with Application Service Providers ASPs can be compelling faster rollouts lower costs

less time spent on implementation and maintenance and a greater opportunity to focus on your organization's core competencies. Unfortunately, the risks of ASP relationships are far from insignificant. In this book, the president of ASPWatch shows IT managers exactly how to navigate the risks and use ASPs for maximum competitive advantage.

**KEY TOPICS** John Harney presents a complete roadmap for any IT decision maker considering outsourcing to ASPs. He offers expert guidance for answering questions like: What costs are involved? How secure and viable is your ASP? How do you choose the right ASP? You'll learn practical criteria for identifying possible ASP partners, choosing amongst ostensibly similar ASPs, evaluating services performance and ROI, and negotiating service level agreements that meet your business requirements.

**MARKET** For everyone considering or using Application Service Providers, including IT executives and managers, line of business managers, Web and e-business professionals, and consultants.
