Cybertaxation The Taxation Of E Commerce:

Cybertaxation Karl Frieden,2000-01 **Tax Sovereignty and the Law in the Digital and Global Economy** Francesco Farri,2020-09-27 This book discusses which is the most appropriate tax dimension to best manage the new horizons of the global and digital economy In this perspective the efficiency of the main models is examined and two fundamental proposals are put forth the first one aims at a coordination of the Destination Based approach with the role of some specific digital assets such as user data the second one is a framework for a possible futuristic tax phenomenon all internal to the world of the internet and not linked to traditional territorial States The compliance of these models with the constitutional principles that western democratic systems have affirmed over time in matters of taxation is then analyzed with particular regard to legal certainty consent to taxation and to the re distributive function of taxes A specific evaluation of the role of the European Union is carried out and the jurisprudence on financial interests of the Union and on State aids is analyzed and tackled in light of the Treaty on the Functioning of the European Union and of the tax sovereignty of member States The conclusion is that the model of the organization with a general political purpose from which modern States take their inspiration appears unflinching for a tax project that would focus on the good and the growth of the person and of the social aggregations in which everyone lives A model that therefore deserves to be safeguarded although with new methods and instruments starting from a Destination Based Asset Coordinated approach in the Third Millennium The book will be of interest to researchers and academics in international tax law constitutional law and in political science **The Encyclopedia of Taxation & Tax Policy** Joseph J. Cordes,Robert D. Ebel,Jane Gravelle,2005 From adjusted gross income to zoning and property taxes the second edition of The Encyclopedia of Taxation and Tax Policy offers the best and most complete guide to taxes and tax related issues More than 150 tax practitioners and administrators policymakers and academics have contributed The result is a unique and authoritative reference that examines virtually all tax instruments used by governments individual income corporate income sales and value added property estate and gift franchise poll and many variants of these taxes as well as characteristics of a good tax system budgetary issues and many current federal state local and international tax policy issues The new edition has been completely revised with 40 new topics and 200 articles reflecting six years of legislative changes Each essay provides the generalist with a quick and reliable introduction to many topics but also gives tax specialists the benefit of other experts best thinking in a manner that makes the complex understandable Reference lists point the reader to additional sources of information for each topic The first edition of The Encyclopedia of Taxation and Tax Policy was selected as an Outstanding Academic Book of the Year 1999 by Choice magazine Publisher s website [Emerging Knowledge Economies in Asia](#) Dessy Irawati,Roel Rutten,2013-10-08 The book aims to identify key issues and developments in ASEAN 5 that illustrate the transition of this region towards a knowledge based economy The book contributes to understanding the opportunities and challenges faced by emerging economies It explains the transition process from a knowledge based

perspective showing how knowledge creation and innovation contribute to the competitiveness of companies and sectors in this region The book takes a distinctly ASEAN perspective by discussing examples of the transition process from all ASEAN 5 nations that show how this region is attempting to link up to the global knowledge economy of the 21st Century To achieve these aims the book is divided into three parts preceded by an introductory chapter explaining the logic objectives and contributions of the book Part I discusses ASEAN 5 as an emerging hub in the global economy Part II discusses the global links of the ASEAN region Part III highlights innovation support in the ASEAN region Each part identifies key developments and discusses relevant challenges and opportunities regarding the economic transition process based on examples for the various ASEAN 5 nations The book contributes to the literature on emerging economies by explaining their challenges and opportunities of the catching up process from a knowledge based perspective It is definitely a must read
