**Delw y Byd: A Medieval Welsh Encyclopedia** Natalia I. Petrovskaia, 2020-12-31 This edition presents extracts from the medieval Welsh encyclopedia *Delw y Byd* A medieval Welsh translation of the first book of the Latin encyclopedia known as *Imago Mundi* written by Honorius Augustodunensis in the first quarter of the twelfth century this text is a fine example of the ties between the intellectual world of Europe and Wales in the late twelfth early thirteenth centuries when the text was translated ties that brought across the scientific knowledge based on Roman and late antique sources Structured according to the four elements earth water air and fire the text presents geographical anthropological and astronomical information often with historical and mythological contexts The present edition follows that organizational principle providing a glimpse into the medieval understanding of the overarching structure of the universe The text is presented in its historical and literary context with an updated account of its transmission A commentary on the scientific context of the most interesting passages is provided as well as a linguistic one The edition also provides an overview of the variants by printing parallel texts based on all surviving medieval manuscript witnesses for a number of selected chapters This includes sections of two previously unpublished medieval witnesses of the text The accompanying glossary includes vocabulary from all extracts included in the edition

**Arthur in the Celtic Languages** Ceridwen Lloyd-Morgan, Erich Poppe, 2019-01-15 *Arthur in the Celtic Languages* is a reliable up to date introduction to the field It is the only book covering Arthurian literature and traditions in the Celtic languages Welsh Cornish Breton Irish Scottish Gaelic This book covers medieval and modern literatures It also discusses folklore ballads and other popular traditions as well as place names

**Merlin** Stephen Knight, 2018-10-18 Merlin the wizard of Arthurian legend has been a source of enduring fascination for centuries In this authoritative entertaining and generously illustrated book Stephen Knight traces the myth of Merlin back to its earliest roots in the early Welsh figure of Myrddin He then follows Merlin as he is imagined and reimagined through centuries of literature and art beginning with Geoffrey of Monmouth whose immensely popular *History of the Kings of Britain* 1138 transmitted the story of Merlin to Europe at large He covers French and German as well as Anglophone elements of the myth and brings the story up to the present with discussions of a globalized Merlin who finds his way into popular literature film television and New Age philosophy Knight argues that Merlin in all his guises represents a conflict basic to Western societies the clash between

knowledge and power While the Merlin story varies over time the underlying structural tension remains the same whether it takes the form of bard versus lord magician versus monarch scientist versus capitalist or academic versus politician As Knight sees it Merlin embodies the contentious duality inherent to organized societies In tracing the applied meanings of knowledge in a range of social contexts Knight reveals the four main stages of the Merlin myth Wisdom early Celtic British Advice medieval European Cleverness early modern English and Education worldwide since the nineteenth century If a wizard can be captured within the pages of a book Knight has accomplished the feat *St David of Wales* J. Wyn Evans, Jonathan M. Wooding, 2007 The cult of St David has been an enduring symbol of Welsh identity across more than a millennium This volume traces the evidence for the cult of St David through archaeological historical hagiographical liturgical and toponymic evidence *Arthurian Literature XL* Megan G. Leitch, Kevin S. Whetter, 2025-04-08 Arthurian Literature has established its position as the home for a great diversity of new research into Arthurian matters It delivers fascinating material across genres periods and theoretical issues TIMES LITERARY SUPPLEMENT Appropriately for the journal's fortieth milestone this volume of Arthurian Literature offers an especially wide range of topics from printers modifications in early Arthurian books to a study of archetypal characters in several linguistic traditions It begins with the winner of the Derek Brewer Essay Prize which has this year been awarded to an original and intriguing investigation of how and why Wynkyn de Worde or various of his staff working under his direction modified his 1529 printing of Sir Thomas Malory's *Le Morte Darthur* Thereafter literary critical explorations range across French Welsh and Middle English Arthurian literatures including examinations of marriage in Chr tien's *Chevalier au Lion Peredur* in the Welsh Grail texts fairies and cosmic providence in *Sir Gawain and the Green Knight* and the shifting degrees of agency possessed by Malory's *Gwenyvere* The volume also features a lively reconsideration of the Arthurian tomb at Glastonbury from the point of view of material culture and an examination of Arthur's hagiographical characterisation in Latin Breton *Saints Lives* It closes with a survey of twentieth century English language retellings of Arthurian fiction that highlights female authors many contributions to the genre *Zeitschrift für keltische Philologie und Volksforschung*, 2006 **Dissonant Neighbours** David Callander, 2019-04-01 Recent books which cover similar areas to this include Elizabeth Tyler ed *Conceptualizing Multilingualism in England c 800 c 1250* Brepols 2011 and Lindy Brady *Writing the Welsh Borderlands in Anglo Saxon England* Manchester University Press 2017 These titles attest to the intense interest in cross linguistic comparison among contemporary scholars and students of medieval literature **Legendary Poems from the Book of Taliesin** Marged Haycock, 2007 *Celtic Culture* John T. Koch, 2005-12-16 This encyclopedia covers the entirety of the Celtic world both through time and across geography Although emphasizing the areas where Celtic languages and traditions survive into the present the work does not slight the reaches of the Celtic empire which was the largest language and cultural group on earth prior to the rise of Rome In some 1 500 articles many representing original research by the finest Celtic scholars the work

covers the Celts from prehistory to the present giving comprehensive treatment to all topics from myth to music religion to rulers literature to language government to games and all topics in between Ireland and the Grail John Carey, 2007 This is the first book length study of the origins of the Grail legend to have been undertaken by a specialist in medieval Irish literature Drawing on a detailed reexamination of the relevant texts in Irish Welsh Latin and French extensive sections of which are presented in new translations the author argues that the roots of the Grail legend are to be sought in the lost Old Irish manuscript known as the Book of Druimm Snechtai International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences, 2004 **Studia Celtica**, 1966
