## **Cyprus 1958 1967:**

**Cyprus, 1958-1967** Thomas Ehrlich, 1974      *Cyprus, 1958-1967* T. Ehrlich, 1974      **International Crises and the Role of Law** T. Ehrlich, 1974      *International Crises and the Role of Law* Thomas Ehrlich, 1974      *Law's Politics: The Cyprus Troubles, 1960-1968* Nadia Kornioti, 2025-10-01 The book concerns the internal armed violence between the ethnically Greek and Turkish communities of the Republic of Cyprus within eight years from the Republic's establishment in 1960. It therefore precedes the more broadly known events surrounding the Turkish invasion of 1974 and the resulting division. Since inspiration for the research and the book was drawn from theoretical debates in Public International Law on the relationship between law and politics in critical legal studies enriched with insights from the Third World Approaches to International Law (TWAIL) movement in the context of the island's colonial and post-colonial past, the book has benefited from previously unpublished archival material, most notably the archive of the International Committee of the Red Cross in Geneva and secondary literature on this period in History and the Social Sciences. The book examines inter-ethnic violence in Cyprus also as a case study of the multiple dimensions and actors playing a role in non-international armed conflicts by turning the spotlight on internal legal and political developments, thus removing the spotlight away from the usual focus on international diplomatic power struggles relevant to this conflict. The Cyprus Question is an excellent example of a highly complex conflict involving a network of internal and external actors whose relationship today is further complicated by the passing of more than half a century since the events addressed in the book. Considering that nowadays the majority of ongoing armed conflicts face similar complexities, the book is insightful in illustrating the deepest controversies of the internal politics of armed conflicts and Law's role in them. Hence, the book offers contributions to Public International Law scholarship as well as International Relations and Conflict Studies among others.

**The Evolution of British Counter-Insurgency during the Cyprus Revolt, 1955-1959** Preston Jordan Lim, 2018-06-12 This book evaluates the prosecution of British counter-insurgency operations during the Cyprus Revolt of 1955-1959. Historians have typically cast the Cyprus Revolt as a failure, situating it within the larger pattern of the post-1945 failure of conventional armies to deal with insurgencies. By analyzing the reminiscences of British policemen, National Servicemen and officers, both junior and senior, the study provides a ground-up assessment of the British counter-insurgency effort. The work examines also the contradictions gripping Greek and Turkish Cypriot opinion, arguing that developments during this time period set the scene for intercommunal violence in the 1960s and 1970s. Military history is taken in a broad sense and includes the Cypriot government's attempts to control its image in the eyes of international opinion. By intimately dealing with indigenous news outlets like the *Times of Cyprus* and *Halk n Sesi*, this book offers lessons for modern policymakers and civil servants concerned with the importance of sound press strategy.

**Insular Destinies** Paschalis Kitromilides, 2019-11-15 In this collection an eminent authority on the history of political thought and on the intellectual history of modern Hellenism employs his twin academic specializations in political science and in intellectual history to understand the intricacies of the historical experience of his native island Writing in a perspective inspired by the work of Fernand Braudel he attempts in a series of studies in cultural and social history to recover lost and overlooked aspects of the collective destinies of Cyprus and the Cypriot diaspora in the centuries of Ottoman rule a period of critical significance for the survival of the people of the island He then turns to a penetrating analysis of the politics of the Cyprus Question The pertinent studies collected in this volume bear the imprint of the deep soul searching by the younger generation of Cypriot scholars at the time of the tragedy of 1974 over what went so wrong that their country was exposed to foreign invasion occupation and division The hints at answers to these questions offered by the author s interdisciplinary and critical treatment of the subject make this work an indispensable aid to anyone wishing to grasp the deeper antinomies and dilemmas immanent in the Cyprus Question **The Encyclopaedia of Islam** Sir H.
