## **D H Lawrence Modern Masters Series:**

The Risen Adam Virginia Hyde, 2010-11 Showing Lawrence's familiarity with biblical typology from both written and visual sources Virginia Hyde explores its many ironic and paradoxical versions in his works She demonstrates his use of typological precursors of Christ such as Adam and David Moses and Aaron and his development of a coherent cosmology centered on the cross and the Tree of Life These features often take on radically revisionist meanings when informed by Lawrence's interests in theosophy and occult lore Hyde fully recognized Lawrence's intensely dynamic style and examines the ways in which he works creatively with his models Hyde sheds new light on Lawrence's leadership views linking them to patriarchal assumptions inherent in biblical typology She utilizes manuscripts and sketches as well as his traditional works to show that a complex form of biblical symbolism affects both his form and content in unexpected ways His symbols are often traceable to iconographic models with typological significance The Risen Adam includes pioneering treatments of the first Quetzalcoatl the 1923 version of The Plumed Serpent so different in part from the final novel as to form a separate creative effort Hyde also offers provocative new readings of The Rainbow Women in Love Aaron's Rod The Border Line The Plumed Serpent David The Man Who Died Birds Beasts and Flowers and other works The book is illustrated with artwork by Lawrence and with examples of the medieval and other iconography he knew **Language and the Self in D.H.**

**Lawrence** Diane S. Bonds, 1987 The Development of D.H. Lawrence's Prose Themes, 1906-1915 Berend Klaas van der Veen, 1983 *D. H. Lawrence*, 1977 **The Rhythm of Eternity** Edward Robert Biglin, 1979 *Post-War British Women Novelists and the Canon* Nick Turner, 2011-11-03 With the increasing number of books on contemporary fiction there is a need for a work that examines whom we value and why These questions lie at the heart of this book which by focusing on four novelists literary and popular interrogates the canon over the last fifty years The argument unfolds to demonstrate that academic trends increasingly control canonicity as do the demands of genre the increasing commercialisation of literature and the power of the literary prize Turner argues that literary excellence demonstrated by style and imaginative power is often missing in many works that have become modern classics and makes a case for the value of the universal in literature Written in a jargon free style with reference to many supporting writers the book raises a number of significant cultural questions about the arts fashions and literary reputations of interest to readers in contemporary literary studies

**Raymond Williams** Fred Inglis, 2005-06-23 In his life Raymond Williams played many parts child of the Black Mountains inspirational adult lecturer Cambridge professor folk hero and guru of the left After his death he has remained a symbolic figure and his classic works *Culture and Society* *The Long Revolution* *The Country and the City* continue to inspire new generations all over the world In this first major biography Fred Inglis has spoken to those who knew this complex and charismatic man at every stage of his life from his boyhood in the Welsh border country to his brief years of retirement Through their voices and his own passionate stories and at times combative engagement with his subject he tells of a story of

a life not just for its time but for our own After Thatcher and Reagan and the Cold War Williams still has much to teach us about the nature of a good and just society and about the constant struggle to attain it Ghosts of the Gothic Judith Wilt,2014-07-14 In a fascinating study of what during the last decade rekindled an avid readership Judith Wilt proposes a new theory of Gothic fiction that challenges its reputation as merely a formula to be outgrown or a stock of images for the creation of terror Emphasizing instead its status as an enduring component of the imagination she establishes the Gothic as the mothering form for three other popular genres detective historical and science fiction Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Modernist Studies** ,1982 *Lawrence* Frank Kermode,1985 **A "strange Sapience"** Daniel Dervin,1984 The aim of this book is twofold to apply the basic insights of psychoanalytic thought to D H Lawrence and his works and to arrive at a deeper appreciation of creative processes in general Although Lawrence himself was critical of psychoanalysis as a discipline he nevertheless created a memorable body of fiction that probed the struggle of people trying to achieve wholeness in the face of constricting psychological and environmental obstacles Though this creation of characters living on the edge of sanity Lawrence portrayed with great intensity the stifling effects of an industrial social order on the sensual and creative sides of human activity As a result he is of lasting interest both for his fictional depiction of the problem of creativity and for his own turbulent striving toward wholeness Informed by an attentive reading of Lawrence s total work a thorough knowledge of his life and a judicious application of modern psychoanalysis *A Strange Sapience* provides a compelling account of Lawrence s artistic maturation Dervin finds most useful those psychoanalytic writers who share an interest in self and object relations over the earlier instinct theory of drive and defense and those who appreciate normal developmental schemes rather than pathological patterns **World Authors** John Wakeman,Stanley J.
