Eugène Delacroix 1798-1863 was one of the towering figures to emerge in France in the wake of Napoleon No other artist of the nineteenth century balanced a reverence for the past with such a strong ambition and spirit of innovation Distinguishing himself from many other talented young artists in Paris he gained renown in the 1820s for his novel subject matter theatrical sense of composition vibrant palette and vigorous painterly technique His vast production including some eight hundred paintings prints in a variety of media and thousands of drawings and pages of writing won the admiration of countless writers and artists including Charles Baudelaire Paul Cézanne and Pablo Picasso This comprehensive monograph closely examines the full breadth of Delacroix's career including his engagement with the work of his predecessors his fascination with the natural world his interest in Lord Byron and the Greek War of Independence and the profound influence of his voyage to North Africa in 1832 It brings to life his relationships with his contemporaries ranging from the painters Pierre Narcisse Guérin and Antoine Jean Gros to Gustave Courbet as well as his exploration of literary historical and biblical themes his writing in

personal journals and his triumphant exhibition at the Exposition Universelle of 1855 Richly illustrated and encompassing the entire range and diversity of his art from grand paintings to intimate drawings Delacroix illuminates how this intrepid figure changed the course of European painting by heeding a call for the liberty of art      **More Drawings of Delacroix** Eugène Delacroix,1973      [Drawings of Eugene Delacroix](#) Eugène Delacroix,1961      **Eugene Delacroix: Drawings and Watercolors** Narim Bender,2015-01-15 Eugene Delacroix was the greatest French painter of the Romantic Movement Delacroix s output was enormous After his death his executors found more than 9 000 paintings pastels and drawings in his studio and he prided himself on the speed at which he worked declaring If you are not skilful enough to sketch a man falling out of a window during the time it takes him to get from the fifth storey to the ground then you will never be able to produce monumental work Among great painters he was also one of the finest writers on art He was a voluminous letter writer and kept a journal from 1822 to 1824 and again from 1847 until his death a marvelously rich source of information and opinion on his life and times His influence particularly through his use of color was prodigious inspiring Renoir Seurat and van Gogh among others Van Gogh wrote about him Only Rembrandt and Delacroix could paint the face of Christ      [More Drawings of Delacroix](#) Stephen Longstreet,1970-01-01      **Delacroix** Eugène Delacroix,Arlette Sérullaz,1998 This year marks the bicentennial of the birth of Eug ne Delacroix 1798 1863 the great French Romantic painter A pivotal figure in the history of nineteenth century art Delacroix stands both at the culmination of the great painterly tradition of Titian Veronese Rubens and Rembrandt and at the beginning of something quite new and modern as witnessed by the reverence given him by artists of following generations who were so profoundly influenced by his work Renoir Cezanne Picasso and Matisse This publication accompanying an international exhibition that begins in Paris and travels to the Philadelphia Museum of Art presents in glorious color subjects ranging from saints and warriors to mythical goddesses from Arab hunting scenes and tigers to sumptuous bouquets of flowers Delacroix s late work reveals a deepening spiritual intensity and has more to do with aesthetic reflection and recollection than with the expansive narrative that characterized his grand public commissions Focusing on the artist s last works allows further insight into this most remarkable and protean figure in the history of art      **Delacroix** Arts Council of Great Britain,1964      *Delacroix* George Braziller,1970
