Dad, Help Me Please Christopher Berry-Dee, Robin Odell, 1993 Originally published London Allen 1990

Judi Emm, 2005-08-01 Olivia is a young girl from a working class family background she comes from a small countryside village nestled away along with other villages in the Hope Valley area of Derbyshire in England The story follows the events through her life over two decades Beginning in 1967 as she is brought by an ambulance to a hospital in Manchester England when she is losing an aborted baby and she endures an inhumane and horrific experience at the hands of a sadistic doctor Olivia's life then begins to move forward when she joins a happy Hippy Movement crowd before entering into a controversial marriage to a man many years her senior Then a short time later she experiences with her husband a very traumatic car accident where at the hospital the attending doctor's prognosis predicting that her life will soon be coming to an end But her body soul and willpower insist on fighting for her survival A few years later she enters into a second doomed marriage And in the following years that pass Olivia's life seems to turn into a big ROLLER COASTER RIDE Now always filled with sex drugs and rock roll as she clings to this wild and crazy hedonistic lifestyle for her own emotional security Until many years later when taking an overall view and stock of her life which now seems to be coming so totally out of her control she finally decides that it's time for her to jump off all of these fast fun filled rides which are taking her to nowhere So after much soul searching about what she does now really want in her life she decides that it is time for a reconciliation with her second husband Alex They decide to go to start a fresh new life when they go to live together in North America leaving all of her past behind her in England So now finally at last Olivia begins to enjoy the much needed love of her husband and family which deep down she had been craving for most of her life Suddenly from somewhere one night out of the blue in the year of 1987 a deep dark hidden force in her life returns turning twenty long lost hidden years into a FULL CIRCLE Motivating her now to visit the world down under in Australia forcing her to now confront and deal with her dark secret hidden past which tragically ends with sad dramatic consequences WHO IS OLIVIA The writer has portrayed in this woman's fiction novel a person that is as far removed from anything in Hollywood as possible She's just an ordinary girl who could be living next door to you or anyone else in the North of England The life of Olivia has been portrayed and written in colourful vivid imaginary and detailed true to life form so that the readers can visualise Olivia as a real true to life person that they could possibly identify with in part While at times understanding and feeling that some of the things that happened in her life could also have possibly happened in their own But no matter what trauma hardship heartache or crisis arrives in Olivia's life she not only challenges it grows from it and flourishes she is also very determined

to survive it all whatever life throws her way And the readers will soon realize that no matter how tough Olivia's going gets she will never give up even when she feels that her world is crashing as it begins to crumble down all around her she will keep on striving until she perseveres Yes Olivia is a true survivor and will always manage to keep on swimming until she reaches and gets herself across to the other side of the shore So come on you ladies And make yourselves very comfortable for this controversially absorbing story about the reality of a woman who could be you or one of your friends As Olivia dares u all to take this positively exciting and emotionally charged ROLLER COASTER RIDE with her hoping you can hang on until the end as you deal with what her life has in store as it turns into a FULL CIRCLE **Star Dancer The Dancer Series, #1**

Healing Michael Michael Rizzuto,2002-12-16 One man's 30 year battle with agoraphobia *The Cricket Song* Ben Kraieski,2014-03-12 This is a novel containing two parallel stories a fable about Ortho the Cricket's quest to sing a World Song which transcends the traditional Cricket Song and it is also a story about Dan Lesniak's quest for artistic expression that transcends traditional painting techniques Ortho and Dan travel different paths to same destination Both meet obstacles on the way that hinder their quests and threaten to prevent them from achieving their life long pursuits *Beyond the Ashes* Faye Roots,2014-04 Beyond the Ashes is an Australian novel set in the period when young people went on safari tours to the inland and climbed Ayers Rock Turtle conservation and watching on the east coast of Australia was just beginning The themes of the novel are forgiveness and love and reveal how issues in the past can dramatically affect the present when tragedy strikes It is the story of a tragic road accident and a family's deterioration when communication between them fails and lack of forgiveness is allowed to fester It is the story of a young woman's journey to regain her father's love and his journey to finally lay to rest his past and find life beyond the ashes It is also a story of faith and young marine biologist Martin

Kelso's certainty that this family can be restored. It is Kate and Daniel's story. It is Raelene and Martin's story. It is a story of hope. Many different people with their unique stories become entwined on the journey. From the red heart of Australia's centre to the blue of the Pacific Ocean and beaches on the east coast, no location can by itself heal the pain of human brokenness. This is a fiction story and the characters and events are not based on any person or historical event. The east coast beach towns and scenes all have fictitious names. Only the places towns in the centre and Ularu then known as Ayers Rock have retained their names but with the 1970s atmosphere. *Beyond the Ashes* is a journey of the heart as much as it experiences a shifting of physical locations.
