Dads Army The Home Guard 1940 1945:

Dad's Army David Carroll, 2009-03-30 The Home Guard was formed in May 1940 when the dark clouds of war rolled over Britain and the nation stood alone threatened with a Nazi invasion Within six weeks of a radio appeal for a new civilian army to guard the Home Front a staggering 1 5 million men had enrolled for service covering every city town and village in the country Despite initial deficiencies in the provision of training and equipment the Home Guard later developed into a cohesive force and one of impressive diversity David Carroll draws on the personal accounts of those men and eventually women who served to reveal what it was really like to spend long nights on duty watching for the disguised enemy parachutists to drop on the fields of Britain He conveys the fighting spirit of the men while examining the Home Guard s contribution to the war effort Dad s Army is a comprehensive account of the Home Guard from the early disorganised days of May 1940 until Stand Down at the close of 1944 by which time they had become a force to be reckoned with *Dad's Army Goes to War* Melody Foreman, 2024-12-30 For decades the classic evergreen BBC comedy Dad s Army has entertained millions of viewers around the world But the farcical antics of Walmington on Sea s bumbling Home Guard platoon camouflage the true military service of some of the actors themselves Despite their light hearted appearance many of the cast saw active service in one or even both of the world wars and much of it far from humorous The inspiration behind the sitcom was the experiences of one its writers Jimmy Perry who as a young 16 year old wannabe comedian was still waiting for his call up papers when he joined the eager warriors of the Home Guard in 1940 Little did he know how decades later that ribald group of men in the Watford battalion would provide the inspiration which put his name up in lights Indeed was it Perry s own goofy gullibility as a teenager that helped form the character of Private Pike Also admitted Perry the affable Lance Corporal Jones in real life Clive Dunn a former prisoner of war who served in the 4th Queen s Own Hussars was partly based on an old soldier Perry knew who had served in the Sudan This veteran recalled being told by a CO to piss on your rifle to cool it down Perry went on to serve in India in the Royal Artillery and then later with Combined Services Entertainments As a twenty year old British Army officer David Croft was stationed in North Africa when a raft of comical events including his struggles with a Bofors gun went on to shape the calamities which befall the Dad s Army troopers theater mad Derbyshire lad Arthur Lowe who played the redoubtable Captain Mainwaring was thin with knobbly knees when he was seconded to the No 2 Field Entertainment Unit in Egypt Meantime languid good mannered actor John Le Mesurier reported for duty with the Royal Tank Regiment complete with golf clubs in his car boot By 1943 he was ironically enduring life in Deolali Doolally in India when he had a captaincy thrust upon him until being demobbed in 1946 The astonishing bravery of actor and playwright Arnold Ridley who was denied a DSO and a Military Medal for his actions during the First World War makes for heart rending reading His creation of dear old Private Godfrey won him millions of adoring fans The classical actor John Laurie Private We re all doomed Frazer was also a hero of the trenches Always dry witted he once made everyone laugh on

set when he remarked I've played every part in Shakespeare I was considered to be the finest Hamlet of the 1920s and I had retired and now I am famous for doing this crap That each man including the mocking Laurie helped turn Dad's Army into everlasting success will never be forgotten And why Well in reality they had seen war and knew war and yet always completely realised and understood how the power of laughter is the ultimate triumph

In Search of the Real Dad's Army Stephen M. Cullen, 2012-02-29 A fascinating examination of one of the best known British forces of the Second World War An efficient and increasingly professional military unit History of War What was the Home Guard Who were the men and women who served in it And what can be said of their real role and significance once the popular myths have been stripped away Despite the fame of the Home Guard of Dad's Army the true story of this wartime organization tends to be neglected The myths obscure the reality Stephen Cullen's aim in this thoroughgoing new study is to cut through the misunderstandings in order to reassess the Home Guard and its contribution to Britain's war effort and to deepen our understanding of the men and women who were members of it He sets the Home Guard in the long historical context of domestic defense planning then focuses on the preparations made before the outbreak of the Second World War In detail he traces the changing role of the Home Guard during its wartime existence as it adapted to meet the multitude of challenges it faced from civil defense and intelligence gathering to training for guerrilla warfare This enjoyable and well illustrated book covers the rags to riches story of the Home Guard from the 1940 volunteer in civilian clothing armed with a keepsake from an earlier war to the fully trained and equipped part time soldier The Armourer An interesting and accurate account of a force that was in fact a well drilled well organised and by war's end a very professional fighting unit by the time of its stand down in 1944 WW2 Connection

The Real Dad's Army Norman Longmate, 2010-08-15 A narrative history of the Home Guard from its creation in May 1940 to the end of the Second World War

In Search of the Real Dad's Army Stephen Michael Cullen, 2011 What was the Home Guard Who were the men and women who served in it And what can be said of their real role and significance once the popular myths have been stripped away Despite the fame of the Home Guard of Dad's Army the true story of this wartime organization tends to be neglected The myths obscure the reality Stephen Cullen's aim in this thoroughgoing new study is to cut through the misunderstandings in order to reassess the Home Guard and its contribution to Britain's war effort and to deepen our understanding of the men and women who were members of it He sets the Home Guard in the long historical context of domestic defense planning then focuses on the preparations made before the outbreak of the Second World War In detail he traces the changing role of the Home Guard during its wartime existence as it adapted to meet the multitude of challenges it faced from civil defense and intelligence

gathering to training for guerrilla warfare Using vivid eyewitness testimony and oral history he takes a grassroots look at the men and women from all ages and social backgrounds who made up this national defense force The equipment uniforms weapons and vehicles they used and the field defenses they manned are described as their role developed over the course of the war He also examines the evolution of popular views of the Home Guard from wartime days to the present the notion of the People's Army the thinking of early Home Guard commentators like George Orwell and the writings of more recent historians who have sought to explain an organization that retains such an extraordinary hold on the popular imagination

A Very British Experience Andrew Stewart, 2020-01-29 In terms of the Second World War and Britain's wartime strategy three elements deserve close scrutiny the paramount importance of defending the British mainland and its population the challenges of building and maintaining coalitions and alliances and the central role the African continent assumed in all British strategic planning A concluding essay reflects upon the degree to which in the face of an often uncertain and unconvincing approach these critical themes underpinned the British experience of the conflict Topics addressed include 1940 and the Defence of Britain relations with the United States the British Empire Air Training Plan General Boy Browning and Operation Market Garden the recall of General Alan Cunningham from Libya in 1941 plans for defending the Royal Family Exercise Genesis which turned west London into a battleground for a day in May 1942 and the role of the Eastern Fleet off Africa Andrew Stewart provides a compelling chapter on the loss of the Tobruk garrison in June 1942 one of the worst military disasters suffered by the British Empire during the Second World War The essay on Tobruk demonstrates how all three defining elements of wartime experience converged the loss of public confidence about how the war was being conducted its impact on the relationship with the Union of South Africa a key partner in the Dominion wartime coalition and the absolute necessity that existed for deep strategic planning on the African continent subsequently to be realised at the final battle at El Alamein

Men in reserve Juliette Pattinson, Arthur McIvor, Linsey Robb, 2017-02-01 *Men in reserve* focuses on working class civilian men who as a result of working in reserved occupations were exempt from enlistment in the armed forces It uses fifty six newly conducted oral history interviews as well as autobiographies visual sources and existing archived interviews to explore how this group articulated their wartime experiences and how they positioned themselves in relation to the hegemonic discourse of military masculinity It considers the range of masculine identities circulating amongst civilian male workers during the war and investigates the extent to which reserved workers draw upon these identities when recalling their wartime selves It argues that the Second World War was capable of challenging civilian masculinities positioning the civilian man below that of the soldier hero while simultaneously reinforcing them by bolstering the capacity to provide and to earn high wages frequently in risky and dangerous work all which were key markers of masculinity
