nearly two centuries of battlefield triumphs During the eighth century BC Sparta became one of the leading cities of ancient Greece conquering the southern Peloponnese and from the mid sixth century BC until the mid fourth Sparta became a military power of recognized importance For almost two centuries the massed Spartan army remained unbeaten in the field Spartan officers also commanded with great success armies of mercenaries or coalition allies as well as fleets of war galleys Although it is the stand of the Three Hundred at Thermopylae that has earned Sparta undying fame it was her victories over both Persian invaders and the armies and navies of Greek rivals that upheld her position of leadership in Greece Even a steady decline in Spartiate numbers aggravated by a terrible earthquake in 464 BC failed to end Spartan dominance Only when the Thebans learned how to defeat the massed Spartan army in pitched battle was Sparta toppled from her position of primacy In this volume Scott Rusch examines what is known of the history of Sparta from the settlement of the city to her defeat at Theban hands focusing upon military campaigns and the strategic circumstances that drove them Rusch offers fresh perspectives on important questions of Spartan history and illuminates some of antiquity's most notable campaigns

Studies in Latin Literature and Roman History Carl Deroux, 1979 *Studies in Persian History* Maria Brosius, Amélie Kuhrt, 1998 This volume contains thirteen studies on aspects of Achaemenid Persian History ranging from the Persian heartland to Asia Minor The papers cover social economic political linguistic historiographical and artistic problems of Achaemenid History in which David Lewis had a particular interest *Women in Ancient Persia, 559-331 BC* Maria Brosius, 1996 Xerxes exploits are famous but what about Irdabama a successful landowner who controlled her own wine and grain business Or the ruthless queen Parysatis who murdered her enemy after a game of dice By approaching the subject from a near eastern perspective and thoroughly re-examining the Greek sources This book is the first to reveal the fascinating picture of women and their economic and political importance in the Persian empire **The Neo-Babylonian Empire and Babylon in the Latter Prophets** David Stephen Vanderhooft, 1999 Vanderhooft reverses the usual focus within biblical studies by asking not how the Neo-Babylonian dynasty of about 605-539 BCE influenced Judah or particular biblical writers but how the biblical texts illuminate the phenomenon of Babylonian imperialism He focuses on the character and functions of the empire in its relations to the population of Judah and other subjugated peoples and on what the responses of those populations can reveal about the empire The treatment began as a doctoral dissertation for Harvard University in May 1996 This volume is in a series formerly distributed by Scholars Press but now distributed by Eisebrauns Annotation copyrighted by Book News Inc Portland OR *Late Achaemenid, Early Macedonian and Early Seleucid Records of Deposit and Related Texts* Matthew W. Stolper, 1993 *The Wedding in Ancient Athens* John Howard Oakley, Rebecca H. Sinos, 1993 The Wedding in Ancient Athens is the first book to reconstruct the stages of the ancient Greek wedding ceremony using a long neglected source of information vase paintings from the sixth through fourth centuries B C In order to elucidate the entire ceremony from the preparations for the wedding to the rituals performed on the day after the wedding night John H

Oakley and Rebecca H Sinos incorporate copious illustrations of Athenian vases in their analysis supplementing evidence drawn from contemporary Greek literature The weddings rendered on the vases evolve through time from formal scenes of the wedding procession on black figure vases to later red figure scenes offering more intimate views of the bride as she prepares her adornments In these later scenes the authors point out Greek women appear as more than just passive objects of men s manipulations they possess their own powerful and divinely sanctioned means of seduction The evidence of wedding scenes on vases of both eras is valuable for several reasons Some vases depict aspects of the wedding that are not clearly portrayed in literature thus supplying a better understanding of each stage of the ceremony Vases also offer insight into Athenian attitudes toward the wedding suggesting a perspective different from that provided by Greek literature The book includes scenes that represent real life scenes that are clearly mythological and also some tableaux that blur the distinction between mortals and gods or heroes suggesting the idealized state in which mortals appeared when engaged in rituals with divine prototypes The Wedding in Ancient Athens is as enjoyable as it is informative Oakley and Sinos thoroughly explore Athenian wedding iconography and interpret it so that the ceremony can be appreciated by a modern audience BOOK

Colburn,Maura K. Heyn,2008 Personal adornment as an extension of the body is a crucial component in social interaction The active process of adorning the body can shape embodied identities such as social status ethnicity gender and age As a result of its dynamic and performative nature the body can often convey meaning more powerfully and convincingly than verbal communication Yet adornment is not easily read and does not necessarily reflect actual lived experience Rather bodily adornment and the performances that accompany it can be manipulated to conceal or exaggerate reality thus speaking more to identity discourse The interpretation of such discourse must be grounded in an understanding of the context specific and negotiable nature of adornment The essays in this volume which are united by their

focus on material and visual evidence cover a broad chronological and geographical span from the ancient Near East to Roman Britain and bring together innovative scholarly work on adornment by an international group of art historians and archaeologists This attention to the archaeological evidence makes the volume a valuable resource as those working with material or visual culture face unique methodological and theoretical challenges to the study of adornment
