Dh Lawrence Pilgrim Of The Apocalypse Evergreen:

D.H. Lawrence: Pilgrim of the Apocalypse, Etc. [A Reissue of "Pilgrim of the Apocalypse."]. Horace Gregory, 1958 *D. H. Lawrence* Horace Gregory, 1957 **D.H.Lawrence's Philosophy of Nature** Dr. Tianying Zang, 2011-12-16 This book is a study of D H Lawrences view of nature his ecological consciousness contributes to his unique place within modern aesthetics An affinity has been examined between Lawrences ideology of man nature relationship and the classic oriental philosophies concerning nature particularly the ancient Taoism In Lawrences novels and essays one finds that virtually all aspects of his religious vision are anticipated in Eastern literature His almighty Holy Ghost for example who is responsible for the sacred underlying unity is named Brahman by Hindus Dharmakaya by Buddhists and Tao by Taoists His duality with its stress on the dynamic balance between complementary life principles is fully worked out in the Yin Yang philosophy of Taoism

Criticism of Society in the English Novel Between the Wars Hena Maes-Jelinek, 2013-05-22 The main concern of this study is the artist s vision of society its major theme is the relation between the individual and society resulting from the impact of social and political upheavals on individual life By criticism of society I mean the novelist s awareness of the social reality and of the individual s response to it the writers I deal with all proved alive to the changes that were taking place in English society between the two World Wars Though the social attitudes of the inter war years as well as the writers response to them were shaped by lasting and complex influences such as trends in philosophy and science the two Wars stand out as determining factors in the development of the novel the consequences of the First were explored by most writers in the Twenties whereas in the following decade the novelists felt compelled to voice the anxiety aroused by the threat of another conflict and to warn against its possible effects After the First World War many writers felt keenly the social disruption the old standards which were thought to have made this suicidal War possible were distrusted the code of behaviour and the moral values of the older generation were openly criticized for having led to bankruptcy Disparagement of authority increased the individual s sense of isolation his insecurity his disgust or fear Even the search for pleasure so widely satirized in the Twenties was the expression of a cynicism born of despair The ensuing disengagement of the individual from his environment became a major theme in the novel his isolation was at once a cause for resentment and the source of his fierce individualism

D.H. Lawrence and Hermann Hesse: a Comparative Study of Two Critics of Modern Culture Robert Frederick Woerner, 1962 **D. H. Lawrence** Jill M. Phillips, 1978 *D. H. Lawrence: The fiction (II)* David Ellis, Ornella De Zordo, 1992 *D. H. Lawrence: Pilgrim of the Apocalypse* Horace Gregory, 1957 *D.H. Lawrence and the Trembling Balance* James C. Cowan, 1990 The trembling balance in Lawrence s work considered either as theoretical system or in its phenomenological form is characterized by the dynamic qualities of interrelatedness and flux Cowan shows that in Lawrence s conception the dynamic experience of life s quickness necessarily involves giving up static equilibrium in the ebb and flow of human consciousness between self and other bringing about a sequence of stability instability resilience and

creative change Lawrence's conception of art as a recreation of the trembling balance of life is explored in his treatment of the figure of the artist in a number of his major novels Because his conception of art is biologically based Lawrence locates the aesthetic balance he seeks to establish between blood consciousness and spiritual consciousness firmly in the body most often in the imagery of the male body Lawrence identifies with Melville who was for him an example of the true artist as myth maker reconciling Christian and pagan consciousness in an organic symbolism rooted in unconscious experience Cowan provides a critical study of Lawrence's dualism dealing with ideas and issues that were intensely personal for Lawrence
