

FREE GUIDE!

My 10 Tips for Teaching on Tiktok

TIP #1:

Mix up
length of
videos.

- Shorter videos (under 15-30 seconds) are great for getting your voice & content out there quickly & helping it spread, especially when you first start out. This will help with research and getting more views.
- Longer videos are great for building trust, depth of knowledge

...this the app,
not
being too serious

10 TIPS FOR BUILDING A LEARNING COMMUNITY ON

TikTok

Adapted from my E-Book
"Teaching on TikTok:
A Guide to Growing Your Own Learning Community"
By Kendall Barger
@kendallbargerplants

- Do not change who you are or try to get followers on the app.
- People will respond to your unique voice, personality, and energy, and you don't have to be young, flashy, or "trendy" or bring people to your space.
- There is nothing too insignificant or small to teach on people. A successful teaching video can absolutely be 1 sentence long.
- Break larger concepts down into extremely simple & shortened clips. This will help you create more videos out of one general topic AND be a great teaching strategy.
- People learn better when information is chunked.
- It's also not BeReal. TikTok as a space online has a distinct presence & feel that BeReal lacks as it's part of a larger platform (IG).
- You can post multiple times a day.
- You can have "low-quality made" videos still do extremely well.
- Stamp "notes" of IG do not apply here.
