No Silver Bullets Daniel Im, 2017-09-01 What if I told you that you were only one step away from unlocking new levels of maturity and growth in your church The myth of the silver bullet still exists because we desperately want it to We all prefer quick fixes and bandage solutions to the long hard slow work that produces real change So the moment we learn about a new ministry or strategy and see its effect in another church we run to implement it in our own Unfortunately this impulse is usually met by opposition skepticism and ultimately rejection What if the solution isn t a new model or a complicated strategy but a shift in perspective What if you could keep your church s current vision values and model and simply make a few micro shifts leading to macro changes This book explores five micro shifts that have the potential to produce macro changes in your church As you read you will discover how to integrate these micro shifts into the life of your church starting with the way you disciple You will finish by developing a plan to structure communicate and evaluate these changes to ensure that they take root and pave the way for lasting change and kingdom impact *Gospel for Kids Leader's Guide* Jinah Yi, 2016-05-21 The Gospel for Kids Leader s Edition is the companion guide for the Gospel for Kids 8 week study In the Leader s Edition you will find Outlines for each week Supply lists for each week s activities Teacher insights and resources Guidelines for games activities Bible Study and discussion Reproducible homework assignments Join in as leaders in the Gospel for Kids program and help shape the faith and lives of the young ones in your church *The X-Manual* Peter J.
