*Discipline and Liberty* Gareth Palmer, 2003 Taking Foucault's notion of Governance the conduct of conduct the author applies it to a range of television formats which have loosely been described as reality TV Big Brother Video Diaries Judge TV Ricki Lake and Stupid Behaviour Caught on Tape use a technology of discipline to produce confessions revelations and transformations which render citizens more transparent than ever and can punish those of who dare to be different Looking at how various agencies of the state have exhorted us to report crime such as tax evasion street crime even benefit fraud the author shows how constant surveillance is now integral to the process of citizenship Back cover *The Media and Social Theory* David Hesmondhalgh, Jason Toynbee, 2008-05-21 This collection brings together major and emerging media analysts to consider key processes of media change using a number of critical perspectives The editors present a formidable range of theoretical viewpoints and approaches applied to a broad and fascinating variety of case studies from reality television to the BBC World Service from blogging to control of copyright **Social Class on British and American Screens** Nicole Cloarec, David Haigron, Delphine Letort, 2016-01-28 At a time when debates about social inequality are in the spotlight it is worth examining how the two most popular media of the 20th and 21st centuries film and television have shaped the representation of social classes How do generic conventions determine the representation of social stereotypes How do filmmakers challenge social class identification How do factors such as national history geography and gender affect the representation of social classes This collection of new essays explores these and other questions through an analysis of a wide range of American and British productions from sitcoms and reality TV to documentaries and auteur cinema from the 1950s to the present **Relocating Television** Jostein Gripsrud, 2012-07-26 For over half a century television has been the most central medium in Western democracies the political social and cultural centrepiece of the public sphere Television has therefore rarely been studied in isolation from its socio cultural and political context there is always something important at stake when the forms and functions of television are on the agenda The digitisation of television concerns the production contents distribution and reception of the medium but also its position in the overall largely digitised media system and public sphere where the internet plays a decisive role The articles in this comprehensive collection are written by some of the world's most prominent scholars in the field of media communication and cultural studies including critical film and television studies Relocating Television offers readers an insight into studying television alongside the internet participatory media and other technocultural phenomena such as DVDs user generated content and everyday digital media production It also focuses on more specific programmes and phenomena including The Wire MSN amateur footage in TV news Bollywoodization of TV news YouTube fan sites tied to e.g. Grey's Anatomy and X Factor Relocating Television will be highly beneficial to both students and academics across a wide range of undergraduate and postgraduate courses including media communication and cultural studies and television and film studies **Secret Agents** Jeremy Packer, 2009 Why does the

secret agent never seem to die Why in fact has the secret agent not only survived the Cold War which critics and pundits surmised would be the death of James Bond and of the genre more generally but grown in popularity Secret Agents attempts to answer these questions as it investigates the political and cultural ramifications of the continued popularity and increasing diversity of the secret agent across television film and popular culture The volume opens with a foreword by Tony Bennett and proceeds to investigate programs figures and films such as Alias Austin Powers Spy Kids the new Bond Girl Flint Mission Impossible Jason Bourne and concludes with an afterword by Toby Miller Chapters throughout question what it means for this popular icon to have far wider currency and meaning than merely that of James Bond as the white male savior of capital and democracy

**How Real Is Reality TV?** David S. Escoffery, 2006-07-21 American viewers are attracted to what they see as the non scripted unpredictable freshness of reality television But although the episodes may not be scripted the shows are constructed within a deliberately designed framework reflecting societal values The political economic and personal issues of reality TV are in many ways simply an exaggerated version of everyday life allowing us to identify perhaps more closely than we care to admit with the characters onscreen With 16 essays from scholars around the world this volume discusses the notion of representation in reality television It explores how both audiences and producers negotiate the gulf between representations and truth in reality shows such as Survivor The Apprentice Big Brother The Nanny American Idol Extreme Makeover Joe Millionaire and The Amazing Race Various identity categories and character types found in these shows are discussed and the accuracy of their television portrayal examined Dealing with the concept of reality audience reception gender roles minority portrayal and power issues the book provides an in depth look at what we see or think we see in reality TV Instructors considering this book for use in a course may request an examination copy here
