

# THE DISCOVERY of the ASYLUM

THE HISTORY OF THE MENTAL HOSPITAL  
IN ENGLAND AND AMERICA

DAVID I. ROTHMAN

# Discovery Of The Asylum

**Alejandro del Carmen**

## Discovery Of The Asylum:

**The Discovery of the Asylum** David J. Rothman, 2017-07-05 This is a masterful effort to recognize and place the prison and asylums in their social contexts Rothman shows that the complexity of their history can be unraveled and usefully interpreted By identifying the salient influences that converged in the tumultuous 1820s and 1830s that led to a particular ideology in the development of prisons and asylums Rothman provides a compelling argument that is historically informed and socially instructive He weaves a comprehensive story that sets forth and portrays a series of interrelated events influences and circumstances that are shown to be connected to the development of prisons and asylums Rothman demonstrates that meaningful historical interpretation must be based upon not one but a series of historical events and circumstances their connections and ultimate consequences Thus the history of prisons and asylums in the youthful United States is revealed to be complex but not so complex that it cannot be disentangled described understood and applied This reissue of a classic study addresses a core concern of social historians and criminal justice professionals Why in the early nineteenth century did a single generation of Americans resort for the first time to institutional care for its convicts mentally ill juvenile delinquents orphans and adult poor Rothman s compelling analysis links this phenomenon to a desperate effort by democratic society to instill a new social order as it perceived the loosening of family church and community bonds As debate persists on the wisdom and effectiveness of these inherited solutions *The Discovery of the Asylum; Social Order and Disorder in the New Republic* [by] David J. Rothman David J. Rothman, 1971 *The Discovery of the Asylum; Social Order and Disorder in the Republic* David J. Rothman, 1971

**Determinate Sentencing** Pamala L. Griset, 1991-01-01 This book discusses in depth the rise and fall of the determinate ideal once heralded as a replacement to the old order of criminal justice Using new materials and combining political empirical and theoretical perspectives Griset examines the attempt in New York State to establish determinate sentencing punishment for its own sake to replace the existing policy of rehabilitation In portraying New York s experience against the backdrop of a national reform agenda she analyzes the development and ultimate failure of a major social movement *Juvenile Justice* Preston Elrod, R. Scott Ryder, 1999 Criminal Justice Law Enforcement

*Social Problems and Public Policy* Lee Rainwater, 1974 Deviance is by definition a social problem Since deviant behavior violates the normative expectations of a given group deviance must be regarded as a problem for that group since all groups of people want their norms to be enforced Many modern societies place considerable value on personal liberty so much so that interference with personal choices to deviate from group norms can be justified only in terms of the potential damage that particular kinds of behavior might do to the legitimate interests of others Sociological research suggests that the social problem associated with deviance is often the behavior of individuals who violate norms cannot be justified in terms of basic

values of liberty social order or justice In other kinds of deviance though the social problem is that people or in a more organized way social institutions interfere with individual liberty and self realization Each selection in this volume has been chosen to cover a full range of substantive problematic issues a range of social science perspectives that can be brought to bear on issues of all kinds and a range of social science methodologies used in studying modern society Deviance and Liberty is divided up into thirty nine contributions and five main parts ranging from Modern Perspectives on Deviance and Social Problems Deviant Exchanges Gambling Drugs and Sex Deviant Personal Control Illness Violence and Crime Deviance Identity and the Life Cycle and Moral Enterprise and Moral Enforcement It is a welcome addition to the libraries of those interested in the study of deviance or society as a whole

**New York's Newsboys** Karen M. Staller, 2020-03-13 New York's Newsboys is a lively historical account of Charles Loring Brace's founding and development of the Children's Aid Society to combat a newly emerging social problem youth homelessness during the nineteenth century Poor children slept on the docks pilfered and peddled cheap wares to survive activities which frequently landed them in prison like juvenile asylums Brace offered a radical alternative the Newsboys Lodging House From there he launched a network of additional programs each respecting his clients free will contrasting with the policing interventions favored by other reformers Over four decades Brace built a comprehensive child welfare agency which sought to alleviate suffering prevent delinquency and divert children from a life of poverty Using primary documents and analysis of over 700 original CAS case records New York's Newsboys offers a new way to look at the foundational roots of social work and child welfare in the United States In this book Karen Staller argues that the significance of this chapter in history to the profession the city of New York and the country has been under appreciated

Discovery, 1921 **Indian Orphanages** Marilyn Irvin Holt, 2001 This work interweaves Indian history educational history family history and child welfare policy to tell the story of Indian orphanages within the larger context of the orphan asylum in America It relates the history of these orphanages and the cultural factors that produced and sustained them

**Introduction to American Corrections** Paul K. Clare, John H. Kramer, 1976 **Exeter Hall** William McDonnell, 1873 **Social Work, Social Welfare, and American Society** Philip R. Popple, Leslie Leighninger, 1993 Book Review Index, 1974 Every 3rd issue is a quarterly cumulation **The Journal of Criminal Law & Criminology**, 1982 **Corrections**

Alejandro del Carmen, 2004 In addition to providing an overview of today's correctional system this updated edition will help students develop an understanding of the historical significance of punishment its theories and the consequences that result from current penal practices *Ukraine : on the Margins*, Correctional Contexts James Walter Marquart, Jonathan

Roger Sorensen, 1997 This textbook for courses in corrections and criminal justice traces the history of punishment and the penal institution in the United States highlighting major developments that have changed the face of corrections Consisting of 38 essays the second edition features all new essays on working in prison institutional treatment and correctional programming No index Annotation copyrighted by Book News Inc Portland OR History of Juvenile Delinquency Albert G.

Hess, Priscilla Ferguson Clement, 1990      *Punishment in America* Michael Welch, 1999-08-18 Michael Welch's book is an invitation to think. It is an invitation to grow intellectually and critically as a consumer of crime policy and an observer of the American scene. Written by a scholar who has dedicated his work to uncovering the hidden ironies of formal crime policy, this is a collection of essays of depth and significance. Those who read it will be challenged, and those who engage with the challenges contained within these pages will have their views of the realities of penal policy changed, deepened, and made more honest, more complete. More true from the Foreword by Todd R. Clear, Florida State University. *Punishment in America* offers readers a critical examination of the so-called back end of the criminal justice system, namely incarceration. The book integrates various levels of analysis, ranging from the macrosociological aspects of punishment to the meso-organizational and micro-individual dimensions of imprisonment. The overarching themes of *Punishment in America* are social control and the ironic effects of incarceration. In an effort to reduce crime, the criminal justice system ironically produces various self-defeating measures. Moreover, these pitfalls in current correctional policy and practice, which neglect fundamental social inequality, merely compound the problem of crime.

*Delinquency and Juvenile Justice in American Society* Randall G. Shelden, 2006

## **Discovery Of The Asylum** Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Discovery Of The Asylum**," written by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
