**Discriminations** René Wellek,1970      **Contemporary Literary Critics** NA NA,2015-12-25 A reference guide to the work of 115 modern British and American critics      **Literature on Trial** S. D. Chrostowska,2012-07-09 Literature on Trial traces the rise of modern literary criticism in Central and Eastern Europe during the eighteenth century S D Chrostowska juxtaposes the discourse s written forms in three linguistic cultural regions Germany Poland and Russia to show how fluid the relationship once was between the genres of criticism and those of literature An alternative history of literary criticism Literature on Trial marks a shift from earlier studies focus on aesthetic principles to an emphasis on the development of literary critical forms Chrostowska relates cultural and institutional changes in these areas to the formation of literary critical knowledge She accounts for the ways in which critical discourse organized itself formally and deemed some genres proper while eliminating others Analysing works by Lessing Goethe and Karamzin among others Literature on Trial brings a fresh theoretical perspective to the links between genre as a discursive strategy and socio political life      *The Power of Genre* Adena Rosmarin,1985-01-01      Modern Genre Theory David Duff,2014-09-11 Since Aristotle genre has been one of the fundamental concepts of literary theory and much of the world s literature and criticism has been shaped by ideas about the nature function and value of literary genres Modern developments in critical theory however prompted in part by the iconoclastic practices of modern writers and the emergence of new media such as film and television have put in question traditional categories and challenged the assumptions on which earlier genre theory was based This has led not just to a reinterpretation of individual genres and the development of new classifications but also to a radically new understanding of such key topics as the mixing and evolution of genres generic hierarchies and genre systems the politics and sociology of genres and the relations between genre and gender This anthology the first of its kind in English charts these fascinating developments Through judicious selections from major twentieth century genre theorists including Yury Tynyanov Vladimir Propp Mikhail Bakhtin Hans Robert Jauss Rosalie Colie Fredric Jameson Tzvetan Todorov Gérard Genette and Jacques Derrida it demonstrates the central role that notions of genre have played in Russian Formalism structuralism and post structuralism reception theory and various modes of historical criticism Each essay is accompanied by a detailed headnote and the volume opens with a lucid introduction emphasising the international and interdisciplinary character of modern debates about genre Also included are an annotated bibliography and a glossary of key terms making this an indispensable resource for students and anyone interested in genre studies or literary theory      **Revelation and Concealment of Christ** Saeed Hamid-Khani,2021-03-16 The elusive disposition of John s language has been noted by biblical scholars throughout the history of New Testament studies The Fourth Gospel is seen as so simple to grasp and yet often pointing beyond itself and beckoning the reader to read deeper Various socio linguistic studies have explained this feature as the reflection of the sectarian tendencies in the Johannine Christianity In his study Saeed Hamid Khani questions these approaches as inadequate

In turn he examines John's language within an exegetical and theological framework. He argues that the *Sitz im Leben* of Johannine language was an environment in which the Hebrew Scriptures were the dominant conceptual force for both the Jews and the Christians. In this context he argues that the essential function of John's enigmatic language is wedded to the Evangelist's purpose in writing the Gospel, namely a steadfast focus upon setting forth that Jesus is the Christ according to the witness of Israel's Scriptures. It is here in these echoes and thematic allusions to the Scriptures that we find the answer to the function and significance of John's unique language: i.e. Jesus is the Messiah, the Saviour of the world, and he is the visible image of the invisible God, the embodiment of the self-revelation of God according to the Scriptures. However, these truths are concealed from the undiscerning and are only revealed by the spirit of God to those who are born of God.

*Encyclopedia of Contemporary Literary Theory* Irene Rima Makaryk, 1993-01-01. The last half of the twentieth century has seen the emergence of literary theory as a new discipline. As with any body of scholarship, various schools of thought exist and sometimes conflict within it. Irene Makaryk has compiled a welcome guide to the field. Accessible and jargon-free, the *Encyclopedia of Contemporary Literary Theory* provides lucid, concise explanations of myriad approaches to literature that have arisen over the past forty years. Some 170 scholars from around the world have contributed their expertise to this volume. Their work is organized into three parts. In Part I, forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose. The essays also discuss the uses and limitations of the various schools and the key issues they address. Part II focuses on individual theorists. It provides a more detailed picture of the network of scholars, not always easily pigeonholed into the categories of Part I. This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context. Part III deals with the vocabulary of literary theory. It identifies significant, complex terms, places them in context, and explains their origins and use. Accessibility is a key feature of the work. By avoiding jargon, providing mini-bibliographies, and cross-referencing throughout, Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture.
