

His discussion of earlier controversies surrounding the works of Kumashiro Tatsumi (*The Four-and-a-Half Mat Room*), Takechi Tetsuji (*Black Snow*), and, in general, Nikkatsu Studio's *roman porno* genre show a critic with a keen eye for the hypocrisies and contradictions surrounding official Japan's attempts to regulate sexual expression in the popular media. Oshima's claim, for instance, that for a year and a half after its initial release in Paris, the full version of *In the Realm of the Senses* played to huge crowds of Japanese tourists is offered with more than a hint of cynicism. "Isn't it ludicrous," he wonders, "that the same Japanese who are unable to see something in Japan are able to see it in a foreign country?" (p. 266).

Among the essays that range beyond the cinema are Oshima's fascinating descriptions of his visits to Korea and Vietnam in the middle 1960s. In particular, the essay "The People of 'The Forgotten Imperial Army,'" which discusses a television documentary Oshima made about Koreans who fought as part of the Japanese army in the Pacific War, has great relevance for ongoing discussions in Japan and Korea about Japanese actions during the war. There are also a handful of autobiographical musings available here, including a few about his childhood, that give some feel for the man behind the scenes of a number of penetrating studies of Japanese youth.

Although the primary audience for this book is surely those with some interest in and knowledge of Japanese cinema, excellent annotations in the form of footnotes will help guide the novice through the terrain of Oshima's cinematic references. Provided by Hideo Suzuki, these notes are quite deft and reveal an extraordinary knowledge. The book is relatively error-free as well. Surely the most egregious of these is the misspelling of this reviewer's last name at the bottom of the very first page. After this error, however, the book is a genuine joy, a major contribution to our continued attempts to come to terms with one of the world's most vital and exciting national cinemas.

DAVID DESSER
University of Illinois at Urbana-Champaign

Dismantling Communism: Common Causes and Regional Variations. Edited by GILBERT ROZMAN. Washington, D.C.: The Woodrow Wilson Center Press, 1992. viii, 405 pp. \$38.00.

The scholarship in this comparative anthology is solid and dependable. The breadth is commendable and the themes are important. The information is current and should remain so for a good while. The quality is consistent. This book could well be used as a best example of its important genre for graduate students, and selected articles could be used in upper division undergraduate classes.

The theme is true to the title—dismantling communism. The comparisons center on the USSR and China, but Poland, Hungary, the German Democratic Republic, Czechoslovakia, Hungary, Vietnam, Mongolia, and North Korea receive significant attention. Some socialist or formerly socialist countries are only discussed in passing, notably the Soviet successor states other than Russia and those in southeast Europe, cases that might be significant in some comparative analyses, but so many countries are included here that it would be churlish to complain.

After two broadly comparative chapters, seven follow on "regional variations" and two on foreign policy. All chapters tend to draw broad comparisons, sketch the big picture, and develop macrolevel analyses. The chapters on "regional variations" offer broad overviews, often discussing variations within a region within the context

Dismantling Communism Common Causes And Regional Variations

Atsushi Ogushi

Dismantling Communism Common Causes And Regional Variations:

Dismantling Communism Gilbert Rozman, Seizaburō Satō, Gerald Segal, 1992 The chapters which constitute this volume were presented at two international workshops held at the Woodrow Wilson Center in Washington D C in October 1990 and January 1991 *The Capitalist Transformation of State Socialism* David Lane, 2013-11-20 David Lane outlines succinctly yet comprehensively the development and transformation of state socialism While focussing on Russia and the countries of Eastern Europe he also engages in a discussion of the Chinese path In response to the changing social structure and external demands he outlines different scenarios of reform He contends that European state socialism did not collapse but was consciously dismantled He brings out the West's decisive support of the reform process and Gorbachev's significant role in tipping the balance of political forces in favour of an emergent ascendant class In the post socialist period he details developments in the economy and politics He distinguishes different political and economic trajectories of countries of the former USSR the New Member States of the European Union and China and he notes the attempts to promote further change through coloured revolutions The book provides a detailed account not only of the unequal impact of transformation on social inequality which has given rise to a privileged business and political class but also how far the changes have fulfilled the promise of democracy promotion wealth creation and human development Finally in the context of globalisation the author considers possible future political and economic developments for Russia and China Throughout the author a leading expert in the field brings to bear his deep knowledge of socialist countries draws on his research on the former Soviet Union and visits to nearly all the former state socialist countries including China *The Demise of the Soviet Communist Party* Atsushi Ogushi, 2007-11-02 This book based on extensive original research in previously unexplored sources including the party archives provides a great deal of new information on the disintegration of the Soviet communist party in 1991 and the preceding years It argues that contrary to prevailing views the party was reformable in late Soviet times but that attempts to reform it failed reforms succeeded in preventing the party interfering in the state body and thereby abolished the party's traditional administrative functions but without creating an alternative power centre and without transforming the party from a vanguard party into a parliamentary party It demonstrates that the party having ceased to offer career paths for aspiring party members thereby lost its reason for existence that an exodus of party members then followed which in turn caused a financial crisis and that this financial crisis and the resulting engagement in commercial activity fragmented and dispersed party property It shows how the failed coup of 1991 was led by the military rather than the party and how having lost its reason for existence and its property the party had no choice but to accept the reality that it was de facto dead **Confucianism for the Modern World** Daniel A. Bell, Chae-bong Ham, 2003-09-08 While Confucian ideals continue to inspire thinkers and political actors discussions of concrete Confucian practices and institutions appropriate for the modern era have been conspicuously absent from the literature thus far This volume represents the most

cutting edge effort to spell out in meticulous detail the relevance of Confucianism for the contemporary world The contributors to this book internationally renowned philosophers lawyers historians and social scientists argue for feasible and desirable Confucian policies and institutions as they attempt to draw out the political economic and legal implications of Confucianism for the modern world **China Learns from the Soviet Union, 1949-Present** Hua-Yu Li,2010-01-05 It is well known that the Soviet Union strongly influenced China in the early 1950s since China committed itself both to the Sino Soviet alliance and to the Soviet model of building socialism What is less well known is that Chinese proved receptive not only to the Soviet economic model but also to the emulation of the Soviet Union in realms such as those of ideology education science and culture In this book an international group of scholars examines China s acceptance and ultimate rejection of Soviet models and practices in economic cultural social and other realms The chapters vividly illustrate the wide ranging and multi dimensional nature of Soviet influence which to this day continues to manifest itself in one critical aspect namely in China s rejection of liberal political reform **The Future of China-Russia Relations** James A. Bellacqua,2010-02-05 Relations between China and Russia have evolved dramatically since their first diplomatic contact particularly during the twentieth century During the past decade China and Russia have made efforts to strengthen bilateral ties and improve cooperation on a number of diplomatic fronts The People s Republic of China and the Russian Federation maintain exceptionally close and friendly relations strong geopolitical and regional cooperation and significant levels of trade In The Future of China Russia Relations scholars from around the world explore the current state of the relationship between the two powers and assess the prospects for future cooperation and possible tensions in the new century The contributors examine Russian and Chinese perspectives on a wide range of issues including security political relationships economic interactions and defense ties This collection explores the energy courtship between the two nations and analyzes their interests and policies regarding Central Asia the Korean Peninsula and Taiwan **1993** Patt Leonard,Rebecca Routh,1996 Journal articles books book chapters book reviews dissertations and selected government publications on East Central Europe and the former Soviet Union published in the United States and Canada **The American Bibliography of Slavic and East European Studies for 1994** Patt Leonard,Rebecca Routh,1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs **The Soviet and Post-Soviet Review** ,1993 **Ethnic and Regional Conflicts in Yugoslavia and Transcaucasia** Ivan Iveković,2000 **Soviet Communism from Reform to Collapse** Robert Vincent Daniels,1995 This anthology of documents and essays examines the transformation and ultimate demise of communism in the former Soviet Union during the Gorbachev era The selections address cultural and social ferment political events economic and technological change military diplomacy ideology and resurgence of nationalism and ethnic conflicts **Bibliography of the Soviet Union, Its**

Predecessors and Successors Bradley L. Schaffner,1995 Provides subject access to works on a broad range of topics on the region s social political and cultural development Most of the titles have been published since 1984 With author index

Dismantling Communism Common Causes And Regional Variations Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Dismantling Communism Common Causes And Regional Variations PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational

resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Dismantling Communism Common Causes And Regional Variations PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Dismantling Communism Common Causes And Regional Variations free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Dismantling Communism Common Causes And Regional Variations Books

1. Where can I buy Dismantling Communism Common Causes And Regional Variations books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Dismantling Communism Common Causes And Regional Variations book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
