Discipleship J. Heinrich Arnold, 2013-12 Arnold guides readers toward leading Christ like lives amid the stress and strain of modern life Perhaps the hardest thing about following Christ is translating our good intentions into deeds Christ calls us and we yearn to answer him but time and again we lose resolve Is discipleship really possible today Many of the selections in this book offer answers to specific needs or problems Others grapple with broader themes such as world suffering salvation and the coming of the kingdom of God All of them pulsate with conviction and compassion giving fresh hope to those who find themselves lonely or disheartened in the daily search to follow Christ J Heinrich Arnold served for many years as elder of the Bruderhof a Christian communal movement *Discipleship* contains writings letters and talks from his forty years of service as pastor marriage counselor educator and parent

Post-Christendom Studies: Volume 7 Steven M. Studebaker, Lee Beach, Gordon L. Heath, 2023-08-04 *Post Christendom Studies* publishes research on the nature of Christian identity and mission in the contexts of post Christendom Post Christendom refers to places both now and in the past where Christianity was once a significant cultural presence though not necessarily the dominant religion Sometimes Christendom refers to the official link between church and state The term post Christendom is often associated with the rise of secularization religious pluralism and multiculturalism in western countries over the past sixty years Our use of the term is broader than that however Egypt for example can be considered a post Christendom context It was once a leading center of Christianity Christendom moreover does not necessarily mean official public and dominant religion For example under Saddam Hussein Christianity was probably a minority religion but for the most part Christians were left alone After America deposed Saddam Christians began to flee because they became a persecuted minority In that sense post Saddam Iraq is an experience of post Christendom it is a shift from a cultural context in which Christians have more or less freedom to exercise their faith to one where they are persecuted and or marginalized for doing so

Discipleship Heini Arnold, 2011-07 *Emptiness* John Corrigan, 2015-05-27 For many Christians in America becoming filled with Christ first requires being empty of themselves a quality often overlooked in religious histories In *Emptiness* John Corrigan highlights for the first time the various ways that American Christianity has systematically promoted the cultivation of this feeling Corrigan examines different kinds of emptiness essential to American Christianity such as the emptiness of deep longing the emptying of the body through fasting or weeping the emptiness of the wilderness and the emptiness of historical time itself He argues furthermore that emptiness is closely connected to the ways Christian groups differentiate themselves many groups foster a sense of belonging not through affirmation but rather avowal of what they and their doctrines are not Through emptiness American Christians are able to assert their identities as members of a
