Discord In Harmony:

From Discord to Harmony LaVena Wilkin, Tony Belak, 2020-02-01 Conflicts happen and the workplace can be a cacophony for competing interests Consider that organizational culture is an ensemble of shared values beliefs assumptions perceptions and norms Organizations are not solos They are an accompaniment of individuals departments and divisions and each is competing for scarce resources Measure in a little power imbalance and organizational political posturing Then scale in the fact that today s managers are faced with diversity and cultural issues ranging from race and gender to individual ethnicity principles and philosophies about which employees are more vocal All this discord can strike a sharp note of dissonance However effective resolutions can change this discord to harmony Consider that music is not a single note Rather it is the silence between the notes that makes beautiful music and conflict is that silence Unfortunately conflict has a bad reputation and it is often labeled as disagreement fighting or arguing that leads to stress retaliation and resentment Some managers spend a disproportionate amount of their workdays dealing with conflicts They have not learned what causes conflicts or how to productively manage them As a result they often avoid or force outcomes causing discord fractured relationships loss of productivity and even lawsuits Learning to fine tune inevitable conflicts will help managers orchestrate a more harmonious workplace **From Discord to Harmony** Making the Workplace Hum is largely evidence based and many of the chapters contain cutting edge research by experts in their respective fields **From Discord to Harmony** Hooshmand M. Kalayeh, 2014-03-06 The purpose of this book is about personal local and global transformation toward understanding the root causes of our problems living in harmony with our self one another and the planet And more specifically it is about freedom from all our habits and concepts which bring inner and outer ill feelings hatred conflicts and wars It is about developing new habits and concepts which bring inner and outer justice harmony and peace and discovering how to solve our personal local and global problems more justly cooperatively peacefully and intelligently The visible and invisible light love and life in the universe are the sources of my inspirations During my life journey the interactions of my light with nature and humans generated many images The eyes of my soul captured these images And the tongue of my soul expressed them with philosophical scientific and poetic words in this volume **FROM DISCORD TO HARMONY A Personal Local and Global Journey** This journey is about transformation of the human race into harmony with one another and with the natural world This journey takes you through Valley of Discord Valley of Concepts Valley of Conditioning Valley of Discovery Valley of Understanding Valley of Awareness and Valley of Harmony In each valley you see wild flowers thorns birds bushes trees broken branches springs and jewels I hope this journey brings joy to your heart I hope that as you walk through these valleys you find one or two jewels And I especially hope that this book helps you to discover your own Jewels **Discord in Harmony** Paul K.
