Discouraging Terrorism Some Implications Of 9 11:

Discouraging Terrorism National Research Council, Division of Behavioral and Social Sciences and Education, Center for Social and Economic Studies, Panel on Understanding Terrorists in Order to Deter Terrorism, 2002-10-24 This report addresses the question of what terrorists hold in value This question is posed in order to assess some means and strategies for deterring deflecting or preventing terrorist activities The report approaches the question on several levels moving from the use of short term deterrent strategies to the modification of the broader contexts and conditions conducive to terrorist activities in the long run The report focuses on contemporary Islamic extremist terrorism but deals with generic dimensions in many instances Deterring Terrorism Andreas Wenger, Alex Wilner, 2012-09-19 During the Cold War deterrence theory was the cornerstone of U S foreign policy Following the 9 11 terrorist attacks however popular wisdom dictated that terrorist organizations and radical fanatics could not be deterred and governments shifted their attention to combating terrorism rather than deterring it This book challenges that prevailing assumption and offers insight as to when and where terrorism can be deterred It first identifies how and where theories of deterrence apply to counterterrorism highlighting how traditional and less traditional notions of deterrence can be applied to evolving terrorist threats It then applies these theoretical propositions to real world threats to establish the role deterrence has within a dynamic counterterrorism strategy and to identify how metrics can be created for measuring the success of terrorism deterrence strategies In sum it provides a foundation for developing effective counterterrorism policies to help states contain or curtail the terrorism challenges they face Preparing for the Psychological Consequences of Terrorism Institute of Medicine, Board on Neuroscience and Behavioral Health, Committee on Responding to the Psychological Consequences of Terrorism, 2003-08-26 The Oklahoma City bombing intentional crashing of airliners on September 11 2001 and anthrax attacks in the fall of 2001 have made Americans acutely aware of the impacts of terrorism These events and continued threats of terrorism have raised questions about the impact on the psychological health of the nation and how well the public health infrastructure is able to meet the psychological needs that will likely result Preparing for the Psychological Consequences of Terrorism highlights some of the critical issues in responding to the psychological needs that result from terrorism and provides possible options for intervention The committee offers an example for a public health strategy that may serve as a base from which plans to prevent and respond to the psychological consequences of a variety of terrorism events can be formulated The report includes recommendations for the training and education of service providers ensuring appropriate guidelines for the protection of service providers and developing public health surveillance for preevent and postevent factors related to psychological consequences **Jihadists and Weapons of Mass Destruction** Gary Ackerman, Jeremy Tamsett, 2009-02-03 Explores the Nexus Formed When Malevolent Actors Access Malignant Means Written for professionals academics and policymakers working at the forefront of counterterrorism efforts Jihadists and Weapons of Mass Destruction is an

authoritative and comprehensive work addressing the threat of weapons of mass destruction WMD in the hands of jihadists

Modern Military Strategy Elinor C. Sloan, 2016-10-11 This textbook provides a comprehensive introduction to post Cold War military theory for students of strategic studies This second edition has been fully revised and updated including a new chapter on peacekeeping and examines contemporary strategic thought on the conduct of war in the sea land air nuclear space and cyber domains as well as irregular warfare Each chapter identifies contemporary strategic thinkers in a particular area examines strategic thought through the lens of identifiable themes and discusses the ideas of classical strategists to provide historical context Examples of the link between the use of military force and the pursuit of political objectives are presented such as airpower against ISIS and in Libya counterinsurgency in Afghanistan and Iraq counter piracy operations off the coast of Africa and the Stuxnet virus in Iran The chapters identify trends statements and principles that indicate how military power can best be employed to effect political ends while the conclusion paints an overall picture of the relationship between classic and contemporary strategic thinking within each warfare domain This book will be essential reading for students of strategic studies war studies and military history and is highly recommended for students of security studies and international relations in general

Reflections in a Bloodshot Lens Lawrence Pintak, 2006-01-20 There exists today a tragic rift between Americans and the world s Muslims Yet in the immediate aftermath of 9 11 there was widespread sympathy for the US throughout the Muslim world This book explores what happened It examines the disconnect that leads Americans and Muslims to view the same words and images in fundamentally different ways Partly a result of a centuries old us against them dichotomy the problem is exacerbated by an increasingly polarised media and by leaders on both sides who either don t understand or don t care what impact their words and policies have in the world at large Reflections in a Bloodshot Lens argues that the Arab media revolution and the rise of patriot journalists in the US marginalised voices of moderation distorting perceptions on both sides of the divide with potentially disastrous results

Ethics and the Future of Conflict Anthony F. Lang, Albert C. Pierce, Joel H. Rosenthal, 2004 Born of a multiyear interdisciplinary collaborative project consisting of experts in international affairs military strategy diplomacy and ethics this book focuses on the moral dimension of international and military affairs as it explores a series of moral dilemmas facing the US national security and military communities The book focuses on the moral norms procedures and outcomes of military action and its interdisciplinary and interprofessional approach demonstrates the need to examine issues from a variety of angles to achieve a full understanding of international affairs Essays address the following issues War Strategy and Ethics The Politics and Ethics of Rescue Military Strategy and Terrorism From Just War to Just Peace From Moral Norm to Criminal Code The Law of Armed Conflicts and the Restraint of Contemporary Warfare What s Living and What s Dead in Nuclear Ethics Living with Chemical and Biological Weapons Ethical Considerations Technology and the Battlefield Moral Dilemmas on the Battlefield Matching Moral Expectation and Military Capabilities in Modern Warfare and Strategic Theory Military Practice and the

Laws of War The Case of Strategic Bombing For anyone interested in current international conflict The World Today,2003 **Terrorism** Annamarie Oliverio,Pat Lauderdale,2005 This volume presents critical perspectives on the lives of people struggling for self determination equality and freedom Under what conditions are deviant or violent actions perceived or labeled as terrorism as opposed to war revolution or protest In this volume leading international scholars on terrorism provide thoughtful comprehensive responses and innovative ideas in analyzing terrorism in the twenty first century Texas International Law Journal ,2007 *Social Science for Counterterrorism* Paul K. Davis,Kim Cragin,2009 Employs an interdisciplinary social science approach to various counterterrorism questions problems and policies America, Islam and the War of Ideas Larry Pintak,2006 *Simple Models to Explore Deterrence and More General Influence in the War with Al-Qaeda* Paul K. Davis,2010 Deterring terrorism is best approached as part of a broad effort to influence all elements of a terrorist system and simple conceptual models of decisionmaking can help in understanding how to affect others behavior The paper lays out a theory of how to use influence to affect elements of a terrorist system touching on root causes individual motivation public support and likely factors in the decisionmaking of terrorist organizations Science and Government Report ,2002 *Business Confronts Terrorism* Dean C. Alexander,2004-08-09 The business community constitutes a prime target of contemporary terrorism This work analyses the threats facing US business due to terrorism industry responses to these dangers and terrorism s effects on conducting business in the post 9 11 environment *The Writers Directory* ,2013 **Journal of Travel Research** ,2007-08 *The British National Bibliography* Arthur James Wells,2003 The Medical Library Association Encyclopedic Guide to Searching and Finding Health Information on the Web: Diseases and disorders P. F. Anderson,Nancy J. Allee,2004 Annotation Searching for health information may be the most important type of search a librarian performs in a day Instead of starting a health care search with a blank computer screen or simply accessing ordinary information available most anywhere on the Web start with help from the prestigious Medical Library Association Each entry will show you how an experienced health sciences librarian would approach the question You can begin a truly valuable search knowing Special searching issues What to ask Where to start Supplementary search strategies Topic profile Recommended search terms and important sites Hotline phone numbers FAQs Publications on the Internet Professional organizations Patient support organizations and discussion groups Best One Stop Shops Finally there s one ready reference source written by librarians to help their colleagues that covers every important aspect of the question you or your user want to answer Constitutional Conflicts Between Congress and the President Louis Fisher,2007 A classic on the separation of powers this book dissects the crucial constitutional disputes between the executive and legislative branches from the Constitutional Convention to the present day New material includes military tribunals and NSA eavesdropping disputes over executive orders state secrets privilege and post 9 11 wars in Afghanistan and Iraq
