

# How to Improve Your Vocabulary?

## Read, Read and Read!

Reading books, articles, etc is the simplest way of enriching your vocabulary. Reading allows you to learn and enhance your vocabulary. While engaged in a reading activity you gain exposure to unfamiliar words and their specific usage as per the context. Seeing words appear in a book or newspaper is far more helpful and interesting rather than viewing them in a list.

## Use a Dictionary for Reference

The use of a dictionary is yet another means of bettering your vocabulary. Whenever you come across a new word, make sure to check the dictionary to know more about the word and its usage. A proper dictionary reference helps you infer the antonyms, synonyms, root words, etc.

## Be familiar with Synonyms and Antonyms

Familiarise yourself with the antonyms and synonyms of a word. Finding words with similar meanings can make you free from the repeated use of the same word. On the other hand, understanding the antonym of a word is beneficial in two ways: Firstly it helps you to get a better idea about the original word, and secondly exposure to antonyms is in turn exposure to more new words.

## Have fun with Word Games

Word games can be one of the best ways to encounter new words. Games like Scrabble, Boggle etc can be beneficial and engaging means to learn new words. Noting down such words in a journal and revising them at regular intervals is vital.

## Subscribe to "Word of the Day" feeds

Today various web platforms provide the service of introducing a word a day. This can either be through a website, an app, or via email. Subscribing to such platforms will help you expand your vocabulary.
