**Discovering the Joy of Teaching** Dominic F. Ashkar, 1999-01-01 This clear and easy to use training process is designed to reinvigorate catechists This program invites catechists and teachers to connect their story with the story of Jesus It will let them join the community with new enthusiasm for their students and their own journey The program works well with Fr Ashkar's earlier book Transfiguration Catechesis Resource Publications Inc 1996 as an optional text It includes an outline for the sequence of sessions handouts and lots of good stories *"The" Illustrated London News*, 1860 Old St. Patrick Catholic Church , **The Joy of Teaching** Joanmarie Smith, 1999 These deeply moving meditations for catechists and teachers are inspired reading The Eucharist so central to our faith here becomes the source and sustenance of the teaching ministry This is a lovely gift book for all proclaimers of the gospel *Christ in the Classroom* Jared Dees, 2018-09-07 If the goal of catechesis is to cultivate an encounter with Christ why do religious educators spend so much time focused almost exclusively on ideas and not experiences The reason is that many have never been shown a method that inspires the heart while also instructing the mind Jared Dees creator of the popular website The Religion Teacher shows how applying the steps of lectio divina to teaching can reorient religious education toward encountering the person of Christ rather than merely sharing information about him In *Christ in the Classroom* Catholic author and speaker Jared Dees applies the five steps of lectio divina reading learning meditation prayer contemplation and action to the ministry of catechesis He offers teachers and catechists a practical framework for preparing lessons that broaden the focus of teaching from mostly intellectual learning to also encountering Christ in prayer reflection and action Using this method students and catechists come to know intimately the person of Christ at the same time that they are learning the tenets and traditions of the Church Dees shares stories of success and failure from his own teaching experience and he offers dozens of field tested strategies tactics and teaching methods to effectively integrate the steps of lectio divina into the classroom or other catechetical setting Outfitted with these tools both experienced and new religious educators will feel confident in their ability to teach effectively and lead their students to a life changing encounter with Jesus **The ABCs of Christ-Centered Teaching** Patricia Palmer Dameron, 2017-11-09 What's wrong with these kids You know the ones tattooed skin pierced body parts sagging pants so low their undergarments show clothing exposing lots of skin flip flops worn during winter hair the color of the rainbow and let's not forget the colorful language Can a teacher teach these kids The answer is a resounding yes Believe it or not most of them want to learn and whether or not it is exhibited through their actions what they desire most of all is structure and discipline This book was written not only out of my desire to share why I wanted to become a teacher but most importantly how my steps were divinely directed of the Lord As you read through these pages I hope you will find what I discovered God had a plan for my life and when I put my trust in Him He equipped and empowered me to become all that He desired of me What He did for me He will also do for you as stated in Romans 2:11 For there is no respect of persons with God *The Seven*
