Disembodied Voices:

Disembodied Voices Tim Marczenko, 2020-08-28 THEY KNOW YOUR NAME Voices are calling us voices without an attached form Encounters with these disembodied voices warn us haunt us confuse us inspire us and scare us For good reason Explore spine chilling true stories from investigations and real occurrences throughout history that expose disembodied voices Objectively and thoroughly presented the evidence and theories shine light on possible reasons and agendas for these voices and where they might originate Gain insight into what they are and what we may be able to learn from them Sometimes they inspire great acts other times they lead us astray Are they forgotten woodland deities Is it an ancient evil from the days of Eden Is there a single intelligence behind them all or perhaps we shouldn't look too deeply or else Famous reports from history as well as never before published reports of disembodied voices from the everyday lives of common people are discussed But what about you When the voices call will you answer Hair raising conclusions found here will make you think twice

Disembodied Voices Rodney Davies, 2001-01-01 Examines numerous historical and present day cases of this truly remarkable phenomenon He not only reveals that disembodied voices are a generally positive influence in our lives but also argues that their reality points to the existence of guardian spirits and or divine beings who take a benign interest in our welfare

From the Other World Rodney Davies, 2005-11-01 The hearing of a voice in the absence of a speaker is commonly regarded as a sign of mental illness yet many ordinary people throughout the ages have had this experience The voice is sometimes recognized as belonging to a relative or friend who may be alive or dead or it may be completely unknown In this well researched book Rodney Davies examines numerous historical and present day cases of this truly remarkable phenomenon He not only reveals that disembodied voices are a generally positive influence in our lives but he argues that their reality points to the existence of guardian spirits or divine beings who take a benign interest in our welfare

Making the Stage Ann C. Hall, 2020-11-30 MAKING THE STAGE is a collection of essays that examines the role of theatre drama and performance in contemporary culture a culture that is growing increasingly technological and isolated seemingly at odds with the very nature of theatre a collaborative and sometimes very primitive art form Through the course of these essays it is clear that theatre not only survives some of the challenges of the day but even defines discussions particularly political ones which are prohibited by an increasingly manipulated media The essays from a diverse group of theatre scholars examine the mechanics of theatre from space to sound to the use of technology the role of women in creating theatre the relationship between theatre and literary art forms the politics of theatre science and theatre and the role of performance art Through them all it is clear that theatre drama and performance continue to speak in significant ways **What Happened?**
