Readings in Christian Thought Hugh T. Kerr, 2010-09-01 Illuminates the history and development of Christian thought by offering selections from the writings of 55 great Christian theologians The volume includes substantial excerpts from notable women theologians and from black and liberation perspectives plus a new section from deceased theologians such as Thomas Merton Martin Luther King Jr and Karl Rahner Each passage is prefaced by detailed introductory comments on the life and thought of each theologian and the significance of his or her work **Race and Restoration** Barclay Key, 2020-05-06 From the late nineteenth century to the dawn of the civil rights era the Churches of Christ operated outside of conventional racial customs Many of their congregations even deep in the South counted whites and blacks among their numbers As the civil rights movement began to challenge pervasive social views about race Church of Christ leaders and congregants found themselves in the midst of turmoil In *Race and Restoration Churches of Christ and the Black Freedom Struggle* Barclay Key focuses on how these churches managed race relations during the Jim Crow era and how they adapted to the dramatic changes of the 1960s Although most religious organizations grappled with changing attitudes toward race the Churches of Christ had singular struggles Fundamentally restorationist these exclusionary churches perceived themselves as the only authentic expression of Christianity compelling them to embrace peoples of different races even as they succumbed to prevailing racial attitudes The Churches of Christ thus offer a unique perspective for observing how Christian fellowship and human equality intersected during the civil rights era Key reveals how racial attitudes and practices within individual congregations elude the simple categorizations often employed by historians Public forums designed by churches to bridge racial divides offered insight into the minds of members while revealing the limited progress made by individual churches Although the Churches of Christ did have a more racially diverse composition than many other denominations in the Jim Crow era Key shows that their members were subject to many of the same aversions prejudices and fears of other churches of the time Ironically the tentative biracial relationships that had formed within and between congregations prior to World

War II began to dissolve as leading voices of the civil rights movement prioritized desegregation

Trivial Pursuits Ian DiOrio, 2014-04-01 Your life is not a reality show It's actual reality But too many of us spend our lives on trivial pursuits media money perpetual youth and a culture of constant entertainment We try to avoid the realities of pain depression loneliness and mortality by filling our lives with diversions Even worse our churches that might use the reality of pain and suffering to point us to the cross instead dress the gospel up in the world's clothing so that it will seem more relevant With pinpoint accuracy LA club DJ turned pastor Ian DiOrio diagnoses the problem and gives us the cure Exposing our most common empty attempts to find meaning apart from God DiOrio points us back to God and exhorts us to find meaning in our identities as followers of Christ as shapers of culture and as people who participate in communities of worship *Encyclopedia of Protestantism* J. Gordon Melton, 2005 An illustrated A to Z reference containing over 600 entries providing information on the theology people historical events institutions and movements related to Protestantism *The Cumulative Book Index*, 1981 A world list of books in the English language

Loving God, Loving Neighbor Peggy Kendall; Claire Smith; Tim Ke, 2008-04-01 In almost every congregation there is a searching youth who is somehow different from the rest one who thinks more deeply asks more questions and wants to make a difference in the world This young person may be seen as a loner an upstart or someone who does not fit Youth workers may not know what to do with these inquisitive youth and a youth program that meets the congregation's expectations probably won't connect with the needs and interests of searching youth Eventually searching youth turn into searching adults who continue to stir things up and enrich the life of our congregations with their questions insights witness and service These young people have the capacity and ability to provide significant leadership in our congregations now and in the future Because of their unique gifts we are offering this book as a resource for pastors teachers and youth leaders who work with them In this book faculty members students and recent graduates of Saint Paul School of Theology look through the eyes of their academic disciplines and ministry experience to explore the foundations for ministry with searching youth and to offer designs for your ministry

Ken Sumrall and Church Foundational Network Terry D. Shiver, 2015-12-04 This is the first extensive examination of the life of Ken Sumrall and his firm belief in the modern day apostolic restoration movement It presents Sumrall's journey from his Baptist beginnings through his experience of the baptism of the Holy Spirit through his learning struggles with Liberty Fellowship of Churches and Ministers and into his birthing of Church Foundational Network It represents Sumrall in his own light while dealing with his paradigm changes concerning church government the heart of which revolved around the restoration of modern day apostles Godly government was grounded in godly relationships with one's apostle whom Sumrall understood as a spiritual father For Sumrall the best biblical government for the New Testament church today is a theocracy Instead of a centralized hierarchical church government Sumrall advanced a decentralized network of churches connected relationally This volume contains the major influences upon Sumrall's thinking and the progress of his comprehension of the life of the church as family Moreover it
