leaders may talk about it but few really do it Making disciples isn't a complicated program but a simple plan that comes only from Jesus Now a diverse group of pastors representing urban and rural communities secular and Christian areas as well as diverse multicultural backgrounds and all known for successfully making new disciples have gathered these sermons to encourage others to be disciple makers too Discover How Jesus practiced the Great Commission before He ever preached it Why discipleship begins with a whole life understanding of worship When disciple making gets confused with church growth efforts These and countless other insights will help guide you in a faithful deliberate effort to fulfill the Great Commission no matter where you live or what communities in which you minister Included in the book are The sermon texts and their outline formats 12 study guides one for each sermon that can be used in small group or one on one settings in the week following the preaching of the sermon A final appendix providing a self evaluation tool that helps each person being discipled to evaluate the progress they are making in their walk with Christ

[The Discipleship Project](#) Calvin Isch, Kate Isch, 2018-05-07 For to this you have been called that you might follow in His steps I Peter 2:21 The Discipleship Project helps believers who want to put their faith into action realize the life they were called to live a life of purpose The calling to become a stronger disciple may be clear but the day to day path of following our Savior's example can often seem clouded Through intentional action though we can live lives of purpose by loving God serving others and growing in the fruit of the

Spirit The Discipleship Project is designed to center your days choices and actions on Christ Over the course of this 40 day study you will dedicate yourself to growing the fruit of the Spirit in your life by living like Christ With a small group or on your own you will dig into your Bible to deepen your relationship with God examine research to understand the benefits of discipleship and utilize actions to intentionally focus on each fruit Using daily devotions application and reflection you will equip yourself as a disciple and then end your journey by creating a personal mission statement Are you ready to become a more dedicated disciple of Christ Are you prepared to transform your life to one of passion commitment and service The journey will be challenging but the results are well worth the effort as together we ignite our relationship with God improve ourselves and impact our world by living the life to which we have been called a life of purpose **Deep Discipleship** J.T. English,2020-09-29 Everyone is being discipled The question is what is discipling us The majority of Christians today are being discipled by popular media flashy events and folk theology because churches have neglected their responsibility to make disciples But the church is not a secondary platform in the mission of God it is the primary platform God uses to grow people into the image of Jesus Therefore as church leaders it is our primary responsibility to establish environments and relationships where people can be trained grow and be sent as disciples There are three indispensable elements of discipleship Learning to participate in the biblical story the Bible Growing in our confession of who God is and who we are theology Regularly participating in private and corporate intentional action spiritual disciplines Deep Discipleship equips churches to reclaim the responsibility of discipling people at any point on their journey *What on Earth Is God Doing?* Rob Good,2024-08-16 Do you ever question what life is supposed to look like Are you tired of large institutions trying to make you into their best version of you The pages of this book are filled with the discovery of what God is doing for you He s working so you can live an optimal life But how No institution directs this because God does the work Himself Through looking at historic and modern examples author Rob Good navigates the clear and repeatable cycle on which God is taking us The goal of this book is to help you connect your experience with God s faithful rhythms You will track your own spiritual journey and develop new expectations to participate with God s action He has been doing this in people s lives for centuries and is doing the same thing in you Finally if you ve never attended church or don t believe in God this book will introduce a God who is at work even if unacknowledged Our perception does not impede His action It is time to discover what on earth God is doing
